Present for the Company : Shri J. K. Ghosh, Advocate, Messrs. Orr Dignam and Co., Solicitors.

AWARD

This is a reference under section 10 of the Industrial Disputes Act for adjudication of an industrial dispute existing between the Management of the Royal Calcutta Turf Club, 11 Russell Street, Calcutta-16, and their workmen represented by the Royal Calcutta Turf Club Workers' Union, 3 Joy Krishna Paul Road, Kidderpur, Calcutta-23, on two issues which are :

(1) Whether the dismissal of Shri Jaffan, Coolie, and Shri Ganga Sagar, Sirdar, is justified? To what relief, in any, are they entitled?

(2) Retiring age.

Being served with notices of the reference the partts. appeared and filed their respectve written statemenies

I proceed at once to take up the issues for decision one by one. The relevant facts of the case and the respective cases of the parties on disputed points will appear from the following discussions :

Issue No. 1 : Dismissals

This issue relates to the dismissal of two workmen, viz., (1) Shri Jaffan, Coolie and (2) Shri Ganga Sagar, Sirdar.

I first take up the case of Ganga Sagar, Sirdar. Written statement was filed on his behalf by the Union and he appeared and gave evidence before the Tribunal. But at the time of final arguments it was admitted by both sides that he had since died. In view of his death, there can be no adjudication in respect of him any more. The reference in respect of him and also the adjudication proceeding relating to him have become infructuous on his death. There can be no adjudication in respect of a dead person where the only issue concerning him is his alleged illegal and unjustified dismissal. The legal position practically is that this reference and the adjudication proceeding in respect of him have terminated and abated on his death and no adjudication in respect of him can be made. His case is, therefore, disposed of accordingly.

I will now take up the case of other workman Shri Jaffan, Coolie, The undisputed position in respect of him is that he was charge-sheeted on 20th December 1962 for some alleged misconducts arising out of an occurrence which took place on 4th December 1962 and an enquiry regarding the charge-sheet was held on 24th December 1962 by Shri M. Reddy who was then a stipendary Steward in the Club and the enquiry was held in the presence of this workman (vide Ext.C, the recorded enquiry proceeding) and he was ultimately dismissed on being found guilty of the charges of misconduct. Ext. D is the report of the enquiring officer. Ext. E is a copy of the letter of dismissal, dated 26th December 1962. The Company's case is further that the charge-sheet against him was issued after a preliminary enquiry regarding the incident of 4th December 1962 held by Shri A. Basu, Clerk of the Course and upon his report. The fact of the preliminary enquiry is of course not admitted by the workman. The Company has however produced evidence in support of the preliminary enquiry. Ext.F is the recorded proceedings of the preliminary enquiry, formally proved by Shri Reddy. Ext. H is the report of the preliminary enquiry submitted by Shri A. Basu containing an endorsement by the Secretary of the Club directing issue of a formal charge-sheet against this workman and holding of an enquiry by Shri Reddy. This document has also been proved by Shri Reddy. I see no reason to disbelieve Exts. D and H and the evidence of Shri Reddy in support of these documents. Accordingly I held that really there was a preliminary enquiry regarding the incidents of 4th December 1962 on which the charges of misconduct against the workman contained in the charge-sheet, Ext. A, were based. In any case, this preliminary enquiry will have no bearing on the question of dismissal itself except to show that the Company acted bona-fide and with reasonable precaution in issuing the charge-sheet to the workman for the alleged misconducts arising out of the incident of 4th December 1962. The dismissal itself was based upon the result of the enquiry regarding the charge-sheet held on 24th December 1962. It is to be noted here that the Company has based its case wholly upon the departmental enquiry in regard to the dismissal of this workman. It has not adduced any independent evidence in support of the charges against the workman contained in the charge-sheet. Some independent evidence bearing on the occurance of 4th December 1962 has, however, been adduced on behalf of the Union. The evidence is negative and to the effect that no such incident, as stated in the charge-sheet, took place on 4th December 1962. When the dismissal is prima facie based upon the result of a domestic enquiry regarding some charges of misconduct made against this workman, this Tribunal is first to enquire and decide whether the enquiry itself was fair, proper and in accordance with the principles of natural justice and the findings of the enquiring officer were reasonably supported by the evidence produced before him and not baseless and perverse. If it is proved that there was a fair and proper enquiry and the findings of the enquiring officer were not baseless or perverse, it would not be open to this Tribunal to interfere with the punishment of dismissal meted out to this workmen. In this connection, it is also to be considered whether the Company acted in good faith and without any bias and vindictive motive in issuing the charge-sheet to the workman and dismissing him on the basis of the enquiry held regarding the charge-sheet. I would, therefore, first enquire and decide the question whether the departmental enquiry, as a result of which this workman was dismissed, was held fairly and properly and in accordance with the principles of natural justice.

It cannot be disputed and is also proved by evidence that the enquiry took place on 24th December 1962 in presence of the concerned workman Shri Jaffan and was conducted by Shri M. Reddy (O.P.W.1). I have already indicated above that Shri Reddy was then an officer of the Royal Calcutta Turf Club and was holding the position of a stipendary Steward. It appears that on that very day, the concerned workman submitted a long written statement regarding the charges against him (Ext.B). The recorded enquiry proceedings show that out of five witnesses examined on behalf of the Company in support of the charge-sheet, and four were examined by the concerned workman himself. Among the witnesses, there were Teresa (I), a female coolie, her husband Jewel and three other witnesses—Gabriel, Susana and Punia. It appears that the concerned workman cross-examined all the witnesses except Jewel. All the witnesses except Jewel, deposed to the incident of 4th December 1962 which was the basis of the charge-sheet against this workman, from their personal knowledge as eye witnesses. Jewel was not personally present there. He joined his wife Teresa (I) in making a written complaint against Jaffan regarding the incident of 4th December 1962. Ext. G is that written complaint. The incident of 4th December 1962 was clearly described in the charge-sheet, Ext.A, in the following manner :

> "That on 4th December 1962 at about 8-30 a.m. you abused Female Coolie Teresa (I) and threatened her and other workers who were with her, including Gabriel, Susana, Punia and Kishun with dire consequences when she asked for the payment of a sum of money

which you owed her; you also abused the Secretary and other officials of the Club saying that you did not care for their authority. By such disorderly conduct you created disturbance on the Race Course Enclosure and undermined the morale of the workers and the authority of the Management."

The substance of the charge against him was that he was guilty of creating disturbance by disorderly conduct and also undermining the morale of the workers and the authority of the Management. In other words the charge was disorderly conduct in the Race Course which was subversive of discipline. It was undoubtedly a serious charge. It further appears from the recorded enquiry proceedings that after the Company's witnesses were examined, the charge-sheeted workman was asked to make his own oral statement but he refused to do it and only submitted his written statement, Ext B. It further appears from the proceedings that. when he was asked to produce his witness, he examined only two witnesses out of as many as 18 witnesses named in his written statement, Ext. B, and these two witnesses were Kamil and Sukhu. The enquiry was closed with the examination of these two defence witnesses. It further clearly appears that the concerned workman Shri Jaffan signed on every page of the recorded proceedings. It is also recorded in the proceedings that the statements of all the witnesses which were recorded in English were explained to the witnesses concerned and Shri Jaffan in Hindi. O.P.W.1 Shri Reddy has fully supported the enquiry proceedings. He himself recorded the proceedings. So, prima facie, there was quite a fair and proper enquiry which fully conformed to the principles of natural justice inasmuch as the workman was given full opportunities for defence by cross-examining the Company's witnesses and production of his own witnesses. It is, however, strongly contended on behalf of the concerned workman that the enquiring officer refused to examine more than two witnesses on behalf of the concerned workman though all the 18 witnesses named in Ext.B, his written statement, were present and ready to give evidence. If that was a fact, the enquiry proceedings were certainly vitiated and were not in conformity with the principles of natural justice. I have already stated above that it is recorded in the proceedings that when asked to produce his own witnesses, the concerned workman Jaffan only produced 2 out of 18 witnesses named by him in the written statement and these 2 witnesses were examined. O.P.W.1 Shri Reddy, the enquiring officer, has fully supported this position by his oral evidence. He has stated that after examination of these 2 witnesses, Jaffan did not want to produce any further witnesses and it is not true that Jaffan wanted to examine 18 witnesses but he refused to examine more than 2 witnesses. As against this, there is evidence of Jaffan and some of his witnesses, viz., P.W.3, Shri Sew Narayan P.W.9, Shri Ramchandra, P.W.10, Shri Muneswar, P.W.11, Shri Benzamin and P.W.12 Shri Bris Behari Ram. The gist of the evidence of these witnesses is that Shri Jaffan wanted to examine other witnesses including these persons but Mr. Reddy refused to take the evidence of these witnesses. I have carefully considered the entire evidence and I am cleary of the view that the evidence of Shri Reddy supported by the recorded enquiry proceedings signed by Shri Jaffan and also signed or thumb impressed by the witnesses examined at every page, should be accepted in preferance to the oral evidence of Shri Jaffan and his witnesses which have not impressed me. There is hardly any reasonable explanation as to why Shri Jaffan signed on every page of the recorded proceedings including the page where it is recorded that he produced and examined only 2 witnesses and did not wish to examine any more witness. That is the last page. Shri Jaffan has come forward with the explanation in his evidence before the Tribunal that he had first refused to sign but ultimately he was forced and coerced to sign the recorded proceedings under threat of being sent to the Police. I am unable to accept this explanation. This person, who was the Assistant Secretary of the Union and had the full backing of the Union, was not certainly a person who could be so coerced to put his signature in a false record which substantially injured his case. I should here refer to the clear evidence of P.W.2 Shri Kamil, one of the two witnesses examined by the enquiring officer on being produced by the concerned workman Shri Jaffan. In his examination in chief, he has stated that among the witnesses, Jaffan called him and Suku to give evidence. In cross examination after re-examination, he made this point further clear by saying that Jaffan did not take any other witness for examination before the enquiring officer after he and Suku were examined by the enquiring officer. This evidence of this witness clearly supports the position that only he and Suku were produced and examined by Jaffan at the enquiry and no other witness was produced by him. It is further to be noted that after the enquiry proceedings were over, no letter of protest was sent either to the enquiring officer or to the higher authorities of the Race Course complaining that the enquiring officer had refused to examine all the witnesses produced by the Jaffan. On behalf of the Union and the workman, evidence has been led to prove that on 19th December 1962 a letter was sent to the Officer-in-charge of the local police-station, complaining that a false case was being concocted against Jaffan by one Bhupen Mukherjee, Supervisor of the Race Course. That letter itself is not in evidence. Only the Peon Book of the Union through which the letter was sent and which contains the signature of an Officer of the police-station in token of receipt has been produced and the relevant entry has been proved (Ext.3). Even assuming that such a letter was sent, it had nothing to do with the enquiry proceedings because that letter was sent long before the enquiry was held on 24th December 1962. The Union has also led evidence to prove that another letter of complaint was sent by a labourer named Kissen to the Chief Minister of West Bengal stating that he was being induced and coerced by the Supervisor Shri Bhupen Mukherjee to give false evidence against Jaffan and that on his refusal to surrender to the wishes of Bhupen Babu, he was also being threatened with dire consequences. The original letter could not be produced from the Chief Minister's Secretariat though one witness was called from that office. Ext. 4 is said to be a copy of that letter kept by the Union. Even assuming it to be correct copy, it has nothing to do with the allegation that the enquiring officer refused to examine all the witnesses named by Jaffan. In fact, the gist of the letter is that the Supervisor Shri Bhupen Mukherjee

called and asked him to give false evidence against Jaffan at the enquiry but he refused to do so. Moreover, this letter was dated 26th January 1963, long after the enquiry was over and the workman was dismissed on 26th December 1962. The delay is suspicious and goes against the bona fides of the letter. After considering all the aforesaid facts and circumstances, I reject the Union's plea that the enquiring officer refused to examine more than 2 witnesses on behalf of the concerned workman Shri Jaffan though he produced all his witnesses and, on the contrary, hold that on being asked to produce his witnesses, he wanted to examine only 2 witnesses, viz., Kamil and Suku and these 2 witnesses were duly examined. Evidence has also been led before this Tribunal through witnesses that the proceedings were not correctly recorded and the statements were not explained to the witnesses concerned and to Jaffan. Jaffan and his co-labourer witnesses have given evidence to that effect but I am also unable to accept the oral evidence as against the recorded proceedings signed on every page by Jaffan and his witnesses and containing an endorsement on every page that the recorded statements explained in Hindi to the witnesses and to the concerned workman and also the connected oral evidence of Shri Reddy, the enquiring officer, who held the enquiry and recorded proceedings.

Another grievance made before me in course of arguments advanced by the Union's representative is that no copy of the letter of complaint by Teresa and her husband Jewel (Ext.G) regarding the incident of 4th December 1962 was given him and this constituted a serious defect in the enquiry. After going through the entire evidence I find that this letter was not produced and used at the final enquiry at all but it was produced and used at the preliminary enquiry as a result of which this charge-sheet was issued and the charge-sheet clearly gave details of the incident of 4th December 1962. I have already quoted the material portion of the charge-sheet regarding this matter. O.P.W.1 Shri Reddy, the enquiring officer, has stated in evidence that the letter of complaint was the basis of the preliminary enquiry for the purpose of deciding whether the charge-sheet should be issued. By the very nature of the preleminary enquiry, it was ex-parte and it could not be otherwise I am fully satisfied from the evidence that the charge-sheet gave details of all the facts underlying the charge levelled against this workman and he was in no way prejudiced because no copy of the letter of complaint was given him. There is no substance in this grievance and the final enquiry was vitiated by the fact that no copy of the initial letter of complaint was given to this workman. I hold therefore that the departmental enquiry held in respect of the charge-sheet to this workman, was quite fair and proper and in accordance with the principles of natural justice.

Regarding the bona fides of the Club in issuing the charge-sheet to this workmen and dismissing him on the basis of the departmental enquiry held against the charge-sheet, the facts to be noted are that after receiving the complaint from Teresa (I) and Jewel, the authorities did not at once issue a charge-sheet to the workman but had a preliminary enquiry held and upon the report of the preliminary enquiry, the charge-sheet, dated 20th December 1962, was issued. It clearly indicates bona fides on the the part of the Club authorities in issuing the charge-sheet I have already touched upon this subject previously. In this connection I should again refer to the evidence led on behalf of the Union to prove that one Bhupen Mukherjee, Supervisor, tried to induce and coerce some workmen to give false evidence against this workman with the intention of connecting a false case against him. Some co-labourers of Shri Jaffan have given evidence to this effect (P.W 7, Jumma Meah, P.W 8, Kishun). The alleged letter, dated 19th December 1962, said to have been written to the Officer-in-charge of the local police-station, complaining about this fact has also been relied upon. I have already stated above that neither the original nor any copy of this letter could be produced but only the Peon Book of the Union showing that a letter was received by the Police Officer, has been produced (vide Ext. 3). The Union Secretary filed an affidavit, dated 23rd December 1964, regarding this letter and in this affidavit an alleged copy of the letter was made an annexure. I am unable to believe the Union's evidence in this respect and hold thereon that really there was a conspiracy to concoct a false case against this workman. It is to be noted that the preliminary enquiry was concluded on 7th December 1962 (Ext. F) and a report was submitted on 19th December 1962 (Ext. H) and then the charge-sheet was issued on 20th December 1962. In the meantime this alleged letter was written. It is quite reasonable to hold after careful consideration of the entire facts and circumstances, that if any such letter was written, it was done with the purpose of forestalling the action of the authorities in issuing a charge-sheet against the workman after the preliminary enquiry. It is quite natural that the concerned workman was apprehensive of such an action on the part of the authorities and was keeping in touch with the developments since 4th December 1962 and the result of this was, the alleged letter, dated 19th December 1962. The reason for this move on the part of the authorities is said to be that this workman was the Assistant Secretary of the Union. The Union is said to have been formed on 27th July 1962 and registered on 7th January 1963. There is no satisfactory evidence to prove that since the formation of the Union and his election as Assistant Secretary, this workman had been acting in such a manner as to make the authorities inimical to him and so to be on the look out for some excuses to get rid of him by dismissal. There is hardly any evidence to prove that he had been postering the authorities with the the grievances and demands of the workers. After considering the entire evidence and circumstances of the case, I reject this plea of the Union and hold that the Company acted in good faith and without any malice in issuing the charge-sheet to this workman upon which he was dismissed The Company could not certainly be vindictive towards him simply because he became the Assistant Secretary of the Union. No sufficient motive on the part of the Company for victimising him by wrongful dismissal has been made out.

I have considered the enquiry report in the light of the enquiry proceedings and I am satisfied that the enquiring officer acted reasonably and with bona fides

in finding the workman guilty of the charge levelled against him. I have already stated above that there were some eye witnesses of the occurrence who gave evidence at the enquiry and the enquiring officer could reasonably believe them. The findings of the enquiring officer were not certainly perverse or baseless.

On the above findings, the dismissal of the workman, as a result of the domestic enquiry regarding the charge-sheet, dated 4th December 1962, must be held to be quite justified and bona fide and as such it must be upheld.

Here I should deal with and dispose of a short legal and technical point raised on behalf of the Union to the effect that the Secretary of the Club who issued the letter of dismissal had no authority to dismiss the workman and as such, the dismissal was illegal and void. In support of this contention reliance has been placed upon certain provisions of the rules of Racing as contained in the book, Ext. 5. I have considered this matter carefully and I think that there is no substance in this contention of the Union. Rules of Racing as the very name signifies, deal with and have within their perview, only matters connected with racing and these have nothing to do with exercise of administrative powers in other official matters like employment or dismissal of non-racing personnel. The rules themselves indicate this position very clearly. This workman was not a racing personnel and was not employed for the purpose of racing events. He was an ordinary coolie in the Race Course. It is proved that the Secretary is the supreme administrative head of this organisation. As such he has certainly the right and authority to dismiss the workman on a charge of misconduct. This contention is, therefore, also rejected.

On the above decisions and for the reasons given above, I hold that the dismissal of Shri Jaffan, Coolie, was justified and he is not entitled to any relief against the dismissal.

Issue No. 2 : Retiring age

The present age of retirement of the workman of the Company is 55 years on the basis of an agreement embodied in an award of the Third Industrial Tribunal, dated 13th August 1959, which was published in the "Calcutta Gazette", dated 10th September 1959 (Ext. 6). Age of retirement was an issue in that adjudication and that issue was disposed of by agreement of both sides as above regarding the age of retirement. There were some disputes between the parties as to whether the Company should have the power to extend the services of any workman after the age of retirement and on this matter, the Tribunal made an award in the following terms :

> "Extension of service is not favoured to the detriment of the claim of the young employees but in exceptional cases where a workman is found medically fit and where both the employer and the employee agree, annual extension of services may be given up to the period of 3 years at the maximum and not beyond that."

The Company contends that in view of the aforesaid award of 1959 regarding the age of the retirement, the Union cannot reopen the matter and claim some increased age of retirement because the said award has not been legally terminated under section 19(6) of the Industrial Disputs Act. The Union, on the otherhand, contends that though no formal notice of termination of the award under section 19(6) was given, the award in respect of retiring age stood legally terminated by the implication, by the mere fact of raising of a fresh dispute about the same matter which has been referred for adjudication in the present case. In my opinion the Union's contention is correct and based upon sound legal position. Section 19(6) no doubt speaks of—"Notice.. ....intimating its intention to terminate the award." It is now well settled that this notice need not always be expressed and in writing and some action of any concerned party indicating that some matter adjudicated by the award should be reopened for fresh adjustment of its rights affected by the adjudication legally constitutes an implied intimation of the party's intention to terminate the award. In the case of Howrah Municipality and Second Industrial Tribunal, West Bengal (Vide L.L.J., 1965-I, at page 386) it was held that in order to show that the previous award stood terminated, it is not necessary to give express notice and the termination could be impliedly done. I quote below the relevant observations of the High Court on this point :

> "In order to show that the previous awards stood terminated, it is not necessary to give express notice. The termination may be impliedly done. The fact that in 1957 there was a discussion on the point, between the petitioner and its workmen for variation of retirement age impliedly shows that the workmen wanted to get rid of the operation of the previous awards."

In the present case, the Union has raised a clear dispute regarding the age of retirement in spite of the previous award and this dispute has been referred for adjudication presumably after failure of the conciliation proceeding before the Conciliation Officer and necessarily after discussions between the Representatives of the parties. This fact was sufficient in law to give a clear intimation of the fact that the Union wanted to get rid of the operation of the previous award regarding the age of retirement and this was sufficient legal notice of termination of the award by implication. Accordingly I reject the Company's contention and accept the Union's contention and hold that the previous award of 1959 whereby the age of retirement was fixed at 55 years cannot operate as a bar to a fresh adjudication of the question of retiring age in the present case and the said previous award was impliedly terminated by the action of the Union in raising a fresh dispute regarding this matter.

The Union claims that the age of retirement should be increased to 60 years. The Company contends that there is no case for increasing the age of retirement beyond 55 years as fixed by the award of 1959. Undoubtedly, the present trend is in favour of raising the age of retirement in all institutions and undertakings including Government Establishments and the age of 60 years has been accepted as the age of retirement

in many adjudications. In the case of Howrah Municipality referred to above, the Second Industrial Tribunal fixed the age of retirement at 60 years though by the previous awards this age was fixed at 55 years. It is an undisputed position that the general longivity has increased and with it has also increased the limit of age after which a workman remains fit and active. In my view, there is no reason why the workmen of this Organisation should not get the benefit of retirement at the age of 60 years. So far as the workmen are concerned, they are mostly engaged in doing ordinary labour in the Race Course itself and they have not to toil in closed and congested factory premises where mechanical appliances are at work. Naturally the wear and tear of their bodily condition caused by their work is not such as to warrant the belief that they cannot work actively after the age of 55 years. The same principle should also be applied to the case of other employees. Mr. J. K. Ghosh who appeared for the Employer's Organisation referred to the case of Messrs. Guest, Keen, Williams Ltd., L.L.J., 1959 II,recorded at page 405 and contended on the basis of the observations recorded at page 415 that as this Tribunal had before it no evidence regarding the relevant factors which were to be considered in fixing the age of superannuation according to the said observations it could not raise the present retiring age of 55 years. I have already considered one of the relevant factors, viz., the nature of work required to be done by these workmen. There is of course no evidence regarding the other factors laid down therein. But that cannot stand in the way of re-adjusting the age of retirement by raising it to 60 which, as I have already stated above, is in keeping with the present trend of the age of superannuation and current adjudication on that matter. In this very case of Guest, Keen, Williams Ltd., the Supreme Court fixed the age of superannuation at 60 years for prior employees who were not covered by the Standing Orders of the Company whereby the age of superannuation was fixed at 55 years. I am also of the view that it was for the employer in the present case to adduce evidence regarding the matters which according to the observations of the Supreme Court, were required to be considered for fixing the age of superannuation and not having done so, the Employer cannot turn round and contend that the Tribunal cannot vary the present retiring age. Apart from the nature of work to which I have already referred above, the other factors are the nature of wage structure paid to the employees, retirement benefits and other amenities available to them, character of the climate where the employees work and the age of superannuation fixed in comparable industries in the same region. Regarding the wage structure and retirement and other benefits, the employer is certainly more competent to produce evidence than the workmen. So far as the climate is concerned, the indispensable position is that all the employees work in the Calcutta area and I do not think that the climate of Calcutta is such as to make it unreasonable to fix the age of retirement at 60 years. I have already stated above that the present trend of adjudication is to raise the age of superannuation to 60 years. In this connection I should refer to the fact that accordingly to the evidence of O.P.W.2, Col. R. N. Bose, Clerk of the Course, there are still some employees in the Race Course aged up to 58 years and one member of the subordinate staff is above 57 years and the rest are below 57 years and in the Head Office, there are about 4 persons who are above 58 and near about 60 years of age. This evidence clearly indicates that there are some among the employees who are working efficiently and to the satisfaction of the employer much beyond 55 years of the age which was the age of superannuation according to the previous award. This position, in my view goes in favour of the Union's contention. On all the above considerations, I accept the Union's contention and fix the age of retirement by superannuation at 60 (sixty) years.

So far as the extension of service beyond 60 years is concerned, I do not think it reasonable to provide for easy extension after 60. But at the same time, I should not deprive the employer of its right to extend the service of any employee whom it considers indispensable and also physically and mentally fit for rendering service beyond 60 years and so I direct that the Company will have the discretion to extend the service of any such employee up to 62 (sixty-two) years but not for more than one year at a time.

This issue is disposed of and adjudicated accordingly.

AWARD

By order No. 3294-I.R./IR/11L-300/66, dated the 18th August 1966, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Krishna Chandra Dutta (Spices) Private Ltd., 8 Cossipore Road, Calcutta-2, and Shri Sripati Nayak as represented by the West Bengal Chakki Workers' Union, 90 Lower Chitpore Road, Calcutta-7, regarding the matter specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether termination of service of Shri Sripati Nayak is justified? To what relief, if any, is he entitled?

On receipt of the order of reference usual notices were issued on the parties fixing 9th September 1966 for their appearance as also for filing of written statement by the union. The union duly appeared and filed its written statement. In the written statement filed on behalf of the union it has been stated that the concerned worker Shri Sripati Nayak, a member of these union, was appointed by the company in the year 1963 in the post of a Mistry on a monthly pay of Rs. 180. At the time the appointment was given to the worker, he was assured that the management would increase his wages after going through his work. No further increment was, however, given to him and in November 1965 he demanded some increase in his wages. The management did not listen to his demand and instead withheld his wages, and ultimately drove him out from the Mill and terminated his services with effect from 3rd January 1966. The union contends that the dismissal of Shri Sripati Nayak was illegal and unjustified and prays for his reinstatement with full wages for the period of forced unemployment The union also prays for a direction on the company to pay the worker his arrear wages

Notice of the reference was duly served on the company but it did not appear. Accordingly the case was taken up for ex-parte hearing on 5th December 1966. On that date the concerned worker gave his evidence before this Tribunal and in his evidence before this Tribunal, he has said that he was appointed as "Mistry" on a monthly pay of Rs. 180. and worked as such till his dismissal by the company. He further stated that in January 1966 company had terminated his service as he was pressing for increment in wages and also stated that the company has not paid him his wages for November and December 1965. As there is no reason to disbelieve this evidence of the witness as also his further statement that he had been dismissed without any charge-sheet/enquiry, and the company has not also appeared to challenge the allegations as made against it in the written statement filed on behalf of the union, the dismissal of the worker, must be held illegal and unjustified. The concerned worker Shri Sripati Nayak must, therefore, be reinstated in service with all wages for the period of forced unemployment and will also get his arrears pay from 1st November 1965 to the date of his dismissal. This is my award which is to be implemented within a month from the date of publication of this award in the "Calcutta Gazette."

AWARD

By Government order No. 6525-I.R./IR/7L-14(B)/65, dated the 13th December 1965, the dispute exising between Messrs. Dalhousie Jute Mills, P.O. Baidyabati, district Hooghly (Mg. Agents : Messrs. Baidyabati, district Hooghly has been referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal presided over by me for adjudication regarding the matters mentioneid in the schedule. The reference was received by this Tribunal on 21st December 1965. The union nied written statement on 21st April 1966 and the company filed its written statement on 10th June 1966, After several adjournments, the case was taken up for hearing on 1st December 1966. The only issue contained in the schedule to the order of reference is a s follows :

Issue

What should be the working hours and rest days of the workmen employed in launches and country boats engaged in passenger ferry service ?

The case of the workmen as presented in the written statement on their behalf by the union, in short, is that they have to work for 24 hours without any holiday or weekly rest, that a large proportion of workmen, employees and officials of the mill reside across the river and they have to be carried on the launch and boats by them, that there is no time allotted to them for their nature's call, or leave or even to take their meals, that the instant dispute is thoroughly distinguishable from the case adjudicated upon by the Third Omnibus Jute Textile Tribunal as the boats and the motor launch in question are so small that they cannot be conceived of as anybody's home and that the workmen in question should not be made to work or put on duty for more than eight hours at a stretch and should be allowed a holiday in each week on the analogy of the provisions of the Factories Act or the Shops and Establishments Act.

The company in reply resists the demands put forward on behalf of the workmen, Regarding the duty hours the company wants to say that these boats and motor launch are not used at all hours of day and night and these Dandis and Majhis were never engaged in actual work for more than 3 or 4 hours a day, that the duty hours of such crews cannot be fixed as they are employed in vessels and as their work depends on the tides and they are expected to be available for duty according to the navigational consideration of the river, i.e., at the time of bore tide which happens usually every fortnight and lasts for 2/3 days. It has been further stated in the written statement of the company that the timings of the bore tide are known to them and as they live very near the place where the vessels in questions are kept, they had to go to meet the emergent situation at whatever hours the said bore tide would appear. It is alleged in the written statement of the company that no specific fixed hours of work could be provided to the crews of the vessels which are the homes of the crews, and the crews must be prepared to make themselves available for work in the primary interest and safety of the vessels in addition to their normal duty hours. It has further been stated that these workmen are all governed by the Third Omnibus Jute Textile Award as amended by the Jute Wage Board, and there is no justification for the claim made by them for fixing the working hours at 8 hours in a day and for allowing a holiday in each week.

I have perused all the papers and heard the elaborate arguments advanced by the legal representatives of both sides. It is admitted by the Majhi (P.W.2) that he has got his quarters where he lives with his family and that his son reaches the food to the boat. It is also admitted that the boat is 15 to 16 cubits in length and 3 to 3 1/2 cubits in width. P.W.1 stated that mistries and workmen of the mill are carried on the boat. He has, of course, said that bottles of emulsion water and small machines are also carried on the boat. In the written statement filed on behalf of the union, there is no mention that anything excepting the mistries and workmen is carried on that boat. O.P.W.1 Shri G.C. Mondal, an engineer of the company, has stated on oath that the officers of the mill are carried on these boats and that they have got regular hours of visit He has stated that the quarters of the Majhis are about 200 yards off from the Jetty. Of course, P.W.1 has said that his quarter is about 1,000 yards off from the Jetty, but he himself admits that he has no clear idea about the distance as he has not measured it. I accept the engineer's version to be correct. It is therefore evident that the Majhis have quarters within 200 yards from the Jetty where they live with their families. Ext. B is the admitted chart showing the duty performed by the boatmen. It will appear from Ext.B that there are two sets of boatmen one set consisting of Soukhi and Kanai start from the Jetty at 4-15 a.m., return at 4-50 a.m. and again start at 8-30 a.m.. and return by 9-45 a.m., and again they start at 0.5 p.m. This is their duty on Mondays. The chart shows that from Tuesday to Saturday, these two boatmen return to the Jetty at 4-45 a.m. Apparently they remain on the other side during night, as they are to attend to their duty at 4-45 a.m. They again start at 8-30 a.m. from the Jetty and return at 9-45 a.m. and again start at 9 p.m. This is the chart of duty performed by the boat Majhis Soukhi and Kanai. Evidently it is admitted that their duty is intermittent. Soukhi and Kanai, thus get a recess of more than 3 hours in the morning and during the rest of the day, they have no work.

Lachman and Munak form another set of boatmen. On Mondays they start at 5-30 a.m. from Jetty and return at 5-35 a.m. They again start at 10-5 a.m. and return at 12-50 noon. They then get rest for the day and again start at 4-35 p.m. On other days, viz., from Tuesday to Saturday, they are to start at 5-15 a.m. and return at 5-45 a.m. They then have more than 4 hours recess. They are again to start at 10-15 a.m. and return at 12-45 noon. They then have got leisure up to 4-35 p.m. when they start again. It appears from the chart that after evening, these Majhis have got little duty to perform. They have got their quarters near the Jetty. In the morning after 6 a.m. and at noon, they have got sufficient time for taking their food and attending to nature's call. At night they have got little duty to perform. It may be a fact that for their own convenience, they take their boat on the other side of the river at night where they sleep because they had to attend to their duty on the other side at 4-45 a.m. for bringing the mill workers.

P.W.1 has stated that big officers sit in Kinnison Jute Mill at Titaghar and frequently come to this side. O.P.W.1 has challenged it. He has said that the officers have got fixed hours of visit. There is oath against oath and I believe the evidence of O.P.W.1 in preference to P.W.1, because P.W.1 is a highly interested person. P.W.1 has further stated that the boats are to be guarded for 15 days in each month including Purnima and Amabasya. But regard being had to the nature and condition of work of the crews and the boatmen, it is extremely difficult to fix duty hours for them. They have got certainly depends on the tides. The boats are to be considered to be their home for the period of their work, because they are expected to be available for duty according to the navigational considerations of the river. P.W.1 has stated that the officers of the company returned from the club sometimes at 8-30 p.m., sometimes at 9 p.m. according to their sweetwill and sometimes they return at 12 midnight and sometimes at 3 a.m. But there is no evidence to show that the Majhis are regularly called upon to perform any duty after evening. Of course, P.W.1 has admitted that two days before and two days after the Purnima and Amabasya days these Majhis are to guard the boat on the stream and that the Majhis know when the tidal bore would be coming. I believe this evidence. The Dandis and Majhis actually know when the tidal bore would be coming. P.W.1 has admitted this. Hence, these boatmen can easily make arrangement for taking meal and rest during the period when they are off duty, as their duty is intermittent. They can also make their arrangement for taking meal and rest before the tidal bore approaches, and after it subsides because they come to know beforehand when the tidal bore would be approaching. It is the duty of the boatmen to guard the boats on the stream at the time of tidal bore. Hence, no fixed hours could be allotted to them for duty, as their duty depends certainly on the navigational consideration of the river. Furthermore, it will appear from the evidence that the boatmen are not to work for more shan 3/4 hours a day. They have got sufficient off time in between the hours of their work and they can easily arrange for their meal and rest during these periods. They have no duty to perform during 3 or 4 hours in the morning and at noon, and also at night. For this reason, they have been allotted quarters where they reside with their families.

Accordingly, I hold that the working hours and rest days of the workmen employed in launch and country boats engaged in passenger ferry cannot be fixed a prayed for by the union. The prayer of the union on behalf of the workmen for fixing the working hours of the workmen in question at 48 hours per week at one or two stretch per day and for allowing one holiday every week, therefore, stands rejected.

The present reference is thus disposed of.

Present for the Union : Shri Madan Mohan Saha, Advocate.

The Government of West Bengal, Labour Department, by its order No. 2554-I. R./I. 11L-105/66, dated 27th June 1966, has referred the industrial dispute between Messrs. J. D. Jones and Co., Ltd., and their workmen represented by J. D. Jones Workmen's Union to this Tribunal under section 10 of the Industrial Dispute Act for adjudication.

The issue for adjudication is whether the dismissal of Shri Umrao Singh is justified ?

What relief, if any, is he entitled to ?

Notices were served on the Company and the Union and both the parties appeared on 27th July 1966. On that date the Union filed its written statement The Company filed statement on 6th September 1966, and the case was fixed for hearing on 19th November 1966. On that date both the parties prayed for time for coming to a compromise and time was, accordingly, allowed. Ultimately on 30th November 1966 both the parties filed a joint petition of compromise and prayed for passing an award in terms of the settlement as incorporated in their petition.

Both sides agreed that the dismissal of Umrao Singh would be treated as "discharged" and the Company paid him a sum of Rs.500 and he accepted the amount in full and final settlement of his claim for service. It was also agreed that Umrao would be entitled to receive contributions made to the Provident Fund by both sides as per Provident Fund Act.

I have considered the terms of settlement which appear to me to be fair, reasonable and lawful. Let the terms of settlement be accepted.

The award is accordingly passed on compromise, and the joint petition of settlement is annexed to it and made a part of the award.

Fifth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 2064-I.R./IR/11L-173/66, dated 26th May 1966, referred this industrial dispute to the Fifth Industrial Tribunal under section 10 of the Industrial Disputes Act, for adjudication. The issue as mentioned in the order of reference is—

"Is the termination of service of Shri Jatindra Nath Nandy justified? To what relief including relief for unpaid wages and overtime wages, if any, is he entitled?"

Notices were issued for service on the Company and the Union. The Union appeared on 21st June 1966, but took no steps. The notice issued to the Company came back unserved with the postal remark "left without address". So the Government was requested by this Tribunal to supply the correct address of the Company. The Assistant Secretary of the Government of West Bengal, Labour Department, has intimated the Tribunal that it transpired on enquiry that the address of this Company is 24 Parkas Road, Burdwan, as mentioned in the order of reference, and no other address of the Company was known to the Department. The Tribunal sent the notice by registered post to this very address. Though the matter remained pending before this Tribunal for the last six months, the Company did not appear and the Union also did not take any steps since its appearance on 21st June 1966. In the circumstances it seems that at present there is no dispute in existence between the parties. So it is useless to adjourn the case any more.

Accordingly, a "no dispute" award is passed by this Tribunal.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bubna Brothers, 194 Jamunalal Bajaj Street, Calcutta-7, and their workmen represented by Barabazar Zamadar Sangha, 90 Lower Chitpur Road, Calcutta (G.O. No. 3223-I.R./IR/11L-209/66, dated 12th August 1966.) (VIII—311/66.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri R. BHATTACHARYA, M.A., LL.B., Judge,
Fourth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act over an industrial dispute between Messrs. Bubna Brothers, 194 Jamunalal Bajaj Street, Calcutta-7 (hereinafter described as the Firm), and their workmen represented by Barabazar Zamadar Sangha, 90 Lower Chitpur Road, Calcutta (hereinafter described as the Union). The issue for adjudication is as follows :

Whether termination of employment of Shri Muralidhar Sukla is justified ? To what relief, if any, is he entitled ?

This reference was originally sent to the Second Industrial Tribunal but subsequently it was transferred to this Tribunal for adjudication by the Government of West Bengal. Due notices were issued from the Second Industrial Tribunal but the notices came back undelivered with the endorsement "refused". After the transfer of this reference to this Tribunal, fresh notices were issued to both the parties. The Union filed written statements but the Firm has not appeared and the notice came back with the postal endorsement "refused". In the circumstances the case has been heard exparte today.

In short the case of the Union is that Murlidhar Sukla was a workman of Bubna Brothers, a partnership firm. He was ill and, therefore, he was absent for some days. When on 25th November 1965 he went to resume his duties, the management of the firm did not allow him to work and he was discharged illegally. As I have already indicated no body has appeared on behalf of the employers.

To day the Union has examined Muralidhar Sukla. His evidence is that from 15th November 1965 he became ill and could not go to the office. He sent a

letter to the firm for leave. The employers did not care to give any reply to the letter. When, however, he went to attend his duties on 25th November 1965 after recovery from his illness, he was not allowed to do any work At that time he was getting Rs 100 per month as salary. The evidence shows that the firm was carrying on cloth business. The union has espoused the cause of Muralidhar and the evidence further shows that there had been no enquiry before the termination of his service.

That this is an industrial dispute there can be no doubt. The union has espoused the cause of Muralidhar Sukla and moreover after the recent amendment of the Industrial Disputes Act an Individual dispute like the present one over the termination of service is an industrial dispute.

The evidence further shows that on account of illness Muralidhar could not attend his duties on and from 15th November 1965. He wrote a letter applying for leave but the employers paid no heed to it. On 25th November 1966 after recovery Muralidhar went to office to resume his duties but the employers did not allow him to work and his service was terminated. The evidence shows that the conduct of the employers was mala fide and unjustified. There had been no enquiry to ascertain any misconduct of Muralidhar for his absence. This is an instance of unfair and mala fide case of victimisation. The conduct of the employers cannot be justified. The termination of Muralidhar Sukla's service is clearly illegal. It is to be noted in this connection that the employers have not appeared before the Tribunal to challenge the case of Muralidhar.

In the circumstances, the issue framed in the order of reference is answered in favour of Muralidhar, and the reference is thus dispose of against Messrs. Bubna Brothers. Muralidhar Sukla shall be reinstated in his former office with all his back wages for the period of non- employment within a month from the publication hereof in the "Calcutta Gazette."

ANNEXURE

In the matter of an application under section 33A of the Industrial Dispute Act filed by one Shri Tulsi Charan Ghosh, Swarna Kutir, P. O. and Village Domjur, Howrah, an employee of Messrs. Davenport & Co. Private Ltd., 5 and 7 Netaji Subhas Road, Calcutta-1, against the aforesaid company. (Case No. 151 of 1966 under section 33A).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri L. C. BANERJEE, Judge, Fifth Industrial Tribunal West Bengal.

Present for the Company : Shri D. K. Ghosh, Advocate. of Messrs. Orr Dignam & Co., Solicitors.

Present for the applicant : Shri Tapas Roy, Advocate.

This is an application made by Shri Tulsi Charan Ghosh, an employee of Messrs. Davenport & Co. Private Ltd., alleging contravention of section 33 of the Industrial Disputes Act by the company.

The original reference out of which this case has arisen was made under G O. No. 3321-I. R. IR/11L-238/65, dated 19th August 1966.

The case of the petitioner inter alia is that he has been working under the company since 16th March 1945 as a typist. Prior to 1958 this company was owned and managed by Messrs. Harrisons & Crosfield Ltd. and since 1958 this Davenport & Company Private Ltd., started functioning independently, and the persons at that time show working under Davenport & Company Private Ltd., were shown transferred from Harrisons & Crosfield Ltd., to Davenport & Company Private Ltd., under the same terms and conditions of employment, and the petitioner is one of the

said transferred employees. The petitioner fell ill on 15th July 1966 and was on sick leave till 4th August 1966. He submitted a medical bill of Rs.104.50 p. to the Company, but the latter refused to make payment of the medical bill. The petitioner claims that by the award of the Second Industrial Tribunal which was confirmed by the award of the Appellate Tribunal, the petitioner and all the employees of the opposite party company are entitled to leave-salary and medical expenses as demanded by the petitioner. The petitioner admits that the Company has paid him his leave-salary in full

This application under section 33A of the Industrial Disputes Act was filed on 18th August 1966, and Messrs. Davenport & Co., (P.) Ltd. filed their written statement on 29th September 1966 with some annexures. On 26th November 1966 the Company filed a petition for deciding the point of maintainability of the application as a preliminary point before taking evidence and, accordingly, this issue of maintainability was heard by the Tribunal on that date.

Under clause (a) of sub-clause (1) of section 33 of the Industrial Disputes Act, during pendency of any proceeding before a Tribunal in respect of an industrial dispute, no employer shall in regard to any matter connected with the dispute, alter, to the prejudice of the workmen concerned in such dispute, the conditions of service applicable to them immediately before the commencement of such proceeding.

The allegation of the employee is that by refusing to pay the medical bill the employer has altered to the prejudice of the employee concerned the condition of service applicable to him. It must be noted that with a view to attract the provisions of section 33(1)(a) the matter must be connected with the dispute referred to the Tribunal. This clause will not be applicable if the alleged altered conditions of service are not connected with the dispute.

The instant dispute on which the present application under section 33A arises was referred to this Tribunal by Government order No. 3321-I.R./I.R./11L-238/65. dated 19th August 1966, between Messrs. Davenport & Co., (P.) Ltd. and their workmen represented by Harrison & Davenport Employees Union. The issue involved was as follows :

Issue

Whether the workmen employed by Messrs. Davenport & Co. (P) Ltd. after their separation from Messrs. Harrisons & Crosfield Ltd. will be governed by the same terms and conditions of service existing in the parent Company and according to the Mercantile Awards, dated 17th May 1949, and the Award of the Second Industrial Tribunal published in the 'Calcutta Gazette' on the 23rd February 1955 and those of the Fourth Industrial Tribunal published in the said Gazette on the 14th March 1960 and the 22nd September 1960 ? If so, from what date ? If not, to what relief are they entitled ?

It is admitted that there was an award known as Mercantile Award on 17th May 1949, and there was another award given by the Second Industrial Tribunal which was published in the 'Calcutta Gazette' on 3rd February 1955. The Company moved the Labour Appellate Tribunal against the award of the Second Industrial Tribunal and the Appellate Tribunal passed its judgment on 25th April 1955. According to the case of the petitioner he is entitled to the payment of the medical bill for his treatment, under the award of the Second Industrial Tribunal which was confirmed by the Appellate Tribunal. So it is to be seen if these awards entitled the petitioner to this relief as prayed for by him.

It will appear from the Annexures to the written statement of the Company that the question of medical aid was considered in all the three awards, viz., Mercantile Award of 1949, Award of the Second Industrial Tribunal in January 1955, and the award of the Labour Appellate Tribunal in April 1955. It appears from the Mercantile Award that the Company employs a qualified doctor who visits the office, and the medicines prescribed by him for the subordinate staff are paid for by the Company, and that the Company also agreed that in case of illness of the clerical staff the doctor shall, on requisition by the employee concerned through the Manager, attend him at his residence in Calcutta within a radious of 4 miles from the office. The Tribunal did not propose to enlarge the arrangement. The question of medical aid was decided as issue no. 7 in the award of the Second Industrial Tribunal, and it was held there that the Company should give equal facilities to members of the clerical staff in the matter of medical treatment as it was doing to the members of the subordinate staff, i.e., the Company should pay for the medical advice and medical treatment of all the employees.

It appears from the memorandum of appeal to the Appellate Tribunal against the award of the Second Industrial Tribunal that the Company took objection that the Tribunal erred in not laying down any conditions or limitations upon which medical advice should be provided. The award of the Labour Appellate Tribunal shows that it was decided by this Tribunal that the clerical staff will get the same benefit, so far as free medical advice and free medicines are concerned as, the members of the subordinate staff were getting before the date of the award. Obviously the Appellate Tribunal was referring to the award of the Second Industrial Tribunal, and before the passing of the award of the Second Industrial Tribunal the provisions of the Mercantile Award were in force. It appears *prime facie* from these award that the members of the clerical staff who live within a radius of 4 miles from the office are entitled to service of the Company's doctor, and the Company is bound to make payment of medical bills for medicines prescribed by this doctor. Admittedly, the petitioner Shri Tulsi Charan Ghosh lives in Domjur, in Howrah District which place is more than 4 miles away from the office of the Company. Ordinarily, therefore, under the provisions of the award, the Company's doctor will not visit him in his residence and the Company is also not liable to pay for medicines prescribed by any other doctor. The learned Advocate for the petitioner argued that as a matter of practice the Company has all along been paying the costs of

medicines prescribed by private doctors also if such doctors would treat the members of the clerical s aff residing outside 4 miles area from the office. But no such case has been made out by the petitioner in his application under section 33A. In the present application it is the specific case of the employee concerned that he is entitled to payment of medical bill in terms of the awards of different Tribunals mentioned above. I have clearly shown that the terms of the award do not entitle him to get payment of such medical bills as the medicines were not prescribed by the Company's doctor, the residence of this employee being at a great distance from the office.

As no such case has been made out by the petitioner no evidence can be taken on the point that according to the prevailing practice, though not provided in awards, the Company has actually been paying medical bills even in case of treatment by private doctors. Hence on the face of the application, I find that there has been no contravention by the Company of the provisions of section 33 of the Industrial Disputes Act with reference to the connected dispute mentioned above.

I, therefore, find that the instant case under section 33A is not maintainable. The case is disposed of accordingly, and this is my award.

By order of the Governor,
N. R. SIRCAR, Asstt. Secy.

No. 4955-I.R./IR/10L-149(A)/64.—24th December 1966.—Whereas under the Government of West Bengal, Labour Department, order No. 3537-I.R./IR/10L-97/62, dated the 6th August 1962, as amended (hereinafter referred to as the said order) the industrial dispute between the employers of the Engineering Establishments mentioned in list of the said order and represented by themselves or by the organisations mentioned in list II of the said order on the one hand and their workmen represented by the trade unions mentioned in list III of the said order on the other regarding the issues mentioned in the said order, being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), were referred to the Seventh Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings, before the said Industrial Tribunal Shri Ramprosad Singh, a workman of Messrs. S.P.Manufacturing Co., 100/1 Cossipore Road, Calcutta-2, one of the companies involved in the said disputes made a complaint in writing to the said Industrial Tribunal against the said company alleging that the said company had retrenched the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A filed by Shri Ramprosad Shingh, S/o. Gouri Sankar Singh, residing at 95/1 Cossipore Road, Calcutta-2, against his employer Messrs. S.P.Manufacturing Co., 100/1 Cossipore Road, Calcutta-2, in connection with G.O.No. 3537-I.R., dated 6th August 1962. (Case No. 145/63 under section 33A)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. RAY, Judge,
Seventh Industrial Tribunal.

Appearances :

For the Workman : Shri Matish Roy, General Secretary

For the Company : Shri K. K. Maitra, Advocate.

This proceeding arose out of an application under section 33A of the Industrial Disputes Act, filed by Shri Ramprosad Singh, in which he complained that the company, opposite party Messrs. S.P.Manufacturing Co. victimised him for his active association with the Wood Products Mazdoor Union by retrenching him with effect from 16th August 1963 on false grounds and this action was wrongful and mala fide and was also in contravention of the relevant provisions of section 33 of the Industrial Disputes Act because it was taken during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O.No. 3567-I.R., dated 6th August 1962, but without complying with the relevant requirements of law. He claims reinstatement with full back wages.

The company-opposite party appeared and filed its written statement in due course.

After necessary preliminary proceedings and some inevitable adjournments, the case was finally fixed for hearing on 3rd December 1966. On that date the

parties filed a joint petition of compromise setting out therein the terms upon which the dispute had been amicably settled and praying for necessary orders in terms of the settlement.

I have considered the terms of settlement. These appear to me to be quite fair, lawful and reasonable. I am satisfied that there has been a bona fide settlement of the dispute under adjudication in the present proceeding in terms of the joint petition of compromise. Accordingly the case is to be disposed of by a compromise award in terms of the joint petition of compromise.

Accordingly I make a compromise award in terms of the settlement contained in the joint petition filed by the parties, copy whereof is made part of the award as an annexure.

Dictated and corrected by me.

(*3*) The mention of particular matters in sub-section (*2*) shall not be held to prejudice or affect the general application of section 6 of the General Clauses Act, 1897, with regard to the effect of repeals. 10 of 1897.

STATEMENT OF OBJECTS AND REASONS

With the increase in the quantum of goods traffic on the Railways, incidence of thefts and pilferages has been going up. This will be evident from the fact that the claims bill which was Rs. 29 millions in 1953-54 rose to Rs. 42 millions in 1963-64. The amendment of the Indian Railways Act in 1961 has further cast greater responsibilities on Railways who have now to pay claims for losses, destruction, damages or deterioration or undelivered goods tendered for despatch, unless it is proved that such losses, etc., are due to an act of God. This additional responsibility, therefore, now demands that more effective steps need be taken to prevent heavy losses on the Railways and thereby to reduce claims bill.

2. At present, offences against Railway property are being dealt with under the Railway Stores (Unlawful Possession) Act, 1955, but this Act has been found, by experience, to be ineffective in tackling with the enormity of the problems of theft and pilferages on Railways. As it is, this Act makes unlawful possession of Railway Stores an offence, but it is only applicable to unlawful possession of Railway property owned by the Railways, and does not cover the offences relating to goods and parcels entrusted to the Railways for transport.

3. Further, the offences under this Act are investigated and enquired into by the local police in accordance with the provisions of the Code of Criminal Procedure, 1898. It has been observed that the two Agencies, *i.e.*, the Government Railway Police and the Railway Protection Force, which are at present provided to deal with crimes on Railways find themselves handicapped, for different reasons, in effectively dealing with the problem of theft and pilferage of Railway property. The Railways are spread out over a large part of the country and property, etc., entrusted to them is carried from one part to another usually crossing boundaries of different States. The jurisdiction of the State Police being restricted to the State boundary only, it becomes difficult at times for the police to make thorough and fruitful investigation into offences relating to Railway property. Besides, investigation of cases in respect of Railway property also requires a specialized

knowledge of Railway working. The Railway Protection Force, on the other hand, are not at present equipped with requisite powers of investigation and prosecution, with the result that whatever action they take in respect of prevention, etc., is taken just in aid of the State Police who conduct investigation and prosecution, etc. Due to this fact of two agencies being responsible for achieving the same object, the machinery has not proved as effective as it ought to have.

4. It is, therefore, proposed to replace the Railway Stores (Unlawful Possession) Act, 1955, by a more comprehensive Act so as to bring within its ambit the unlawful possession of goods entrusted to the Railways as common carriers and to make the punishment for such offences more deterrent. It is also proposed to invest powers of investigation and prosecution of offences relating to Railway property in the Railway Protection Force in the same manner as in the Excise and Customs.

The Bill seeks to give effect to the above proposals.

NEW DELHI; S. K. PATIL.

The 19th July, 1966.

FINANCIAL MEMORANDUM

As will appear from the Statement of Objects and Reasons annexed to the Bill the object of the Bill is to repeal the existing Railway Stores (Unlawful Possession) Act, 1955, and to replace it by a new Act [Railway Property (Unlawful Possession) Act] investing powers of investigation and prosecution in the Railway protection Force in respect of offences relating to Railway Property. The Railway Protection Force constituted under section 3 of the Railway Protection Force Act, 1957, is already in existence. The officers of the existing Force even now make enquiries, etc., into cases of thefts and pilferages of railway property. Under the proposed Act, the same officers will conduct investigation into offences mentioned in the Bill. Therefore, the additional expenditure will only be in respect of the pay and allowances for the staff required to man the Prosecuting Branch. It is estimated that the following staff will be required for each Railway Division for prosecution duties :—

1.	Inspector Gr. I (Rs. 450—575)	One
2.	Inspector Gr. II (Rs. 370—475)	One
3.	S. I. Gr. 1 (Rs. 205—280)	One
4.	A. S. I. (Rs. 110—170)	One
5.	Head Rakshak (Rs. 80—110)	Two
6.	Rakshak (Rs. 70—85)	Four
	Total	Ten

Based on this, the annual additional expenditure, as compared to the 1964-65 expenditure, on Railway Protection Force, will be as under :—

Name of the Railway.	No. of Divisions.	The present annual cost	The additional cost	Total
		Rs.	Rs.	Rs.
Central Railway	7	94,27,724	1,52,670	95,80,394
Eastern Railway ..	6	1,30,75,376	1,30,860	1,32,06,236
Northern Railway ..	7	1,09,60,508	1,52,670	1,11,13,178
N. E. Railway	5 (zones)	57,87,453	1,09,050	58,96,503
N. F. Railway	4	48,88,528	87,240	49,75,768
Southern Railway ..	8	83,48,199	1,74,480	85,22,679
S. E. Railway	9	87,52,831	1,96,290	89,49,121
Western Railway ..	8	92,85,787	1,74,480	94,60,267
Total ..	54	7,05,26,406	11,77,740	7,17,04,146

From the above, it will be observed that the additional expenditure will be to the tune of 1·67 per cent. of the present cost on the Railway Protection Force.

After due notices issued to the parties Shree Jagadamba Iron Foundry (Pvt.) Ltd., appeared and submitted its written statement stating that the workmen

in question were not at all in the service of the company. It was alleged that there was no industrial dispute. Workmen mentioned in the order of reference appeared through one Shri C.P. In the matter of an industrial dispute existing between Messrs. Francis Klein and Co. (P) Ltd., 1 India Exchange Place, Calcutta-1, and their workmen represented by Francis Klein and Co. Employees' Union, 12-A Netaji Subhas Road (1st Floor), Calcutta-1 (Case No. 219 of 1966).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri L. C. BANERJEE, Judge,

Present for the Company : Shri J. R. Jain, Labour Adviser of the Company.

Present for the Union : Shri Ranen Banerjee, Advocate.

The Government of West Bengal, Labour Department, by order No. 2406-I.R./IR/10L-20/66, dated the 16th June 1966, referred an industrial dispute between Messrs. Francis Klein and Co. (P) Ltd. and their workmen represented by Francis Klein and Co. Employees' Union, under section 10 of the Industrial Disputes Act to this Tribunal for adjudication upon the following issue :—

Issue

Whether the dismissal of Shri Nayan Singh, Durwan, is justified ? To what relief, if any, is he entitled?

Notices were duly served on the parties, and the Union filed its written statement on 16th July 1966. The company filed its statement on 30th August 1966. Both parties filed their documents, and the case was taken up for hearing on 25th November 1966. On that day the union examined P.W.1 Shri Dhrubalal Paul, a clerk of the company, and P.W.2 Shri Nayan Singh, the Durwan concerned On behalf of the company, O.P.W.1 Shri Basunandan Singh, another Durwan, and O.P.W.2 Shri K.A. Menon, the Secretary of the company were examined. Several documents were marked exhibits on either side.

The case of the company inter alia is that the Durwan Nayan Singh used to sleep in the showroom of the company at 13A Government Place, East, Calcutta. The other Durwan Shri Basunandan Singh would remain in the said showroom at day time and would sleep in the godown of the company at 24 Chowringhee Road. On 11th September 1965, early in the morning, Basunandan was going to a take bath in the Ganges and on his way he came to the showroom with a view to case himself. There is a gate on the back side of the premises containing the showroom and this gate abuts on Dacres Lane. Basunandan found this gate closed. He stood in front of the gate and then he noticed a man coming out of the showroom through this gate with a tin-container in hand and then placing it on a bi-cycle at the gate where another man remained sitting. Basunandan questioned the man about the contents of the tin case, but without giving any satisfactory reply the man went inside the premises keeping the tin case on the bi-cycle. Basunandan then caught hold of the man who had been sitting near the bi-cycle and took down the tin-container in which brass shavings were found. To his query the man replied that Nayan Singh's son Kajiman, who was then working as a Durwan under the Tinker Company having its factory and godown in the same premises, had given him those brass shavings. Basunandan then called Kajiman, and the latter requested him to release the man. Nayan Singh also then arrived at that place, and he also asked Basunandan to release the suspect. Then Basunandan called his brother Basudeb Singh, another Durwan who resided in the godown of the company, through a vegetable vender. The man was then taken into the showroom of the company and officers of the company arrived there and took action. Nayan was served with a charge-sheet on 16/17th September 1965. He sent a reply denying the allegations. A domestic enquiry was then held by the Secretary of the company and on the report of enquiry so held Nayan Singh was dismissed with effect from 14th October 1965.

The trend of decisions of the Hon'ble Supreme Court in the matter of industrial disputes as to termination of services, is that the Tribunal must confine itself to only two questions, namely, (1) whether the case against the workman has been made out by evidence on record and (2) whether there was a fair and proper enquiry into the charge-sheet. So, it is to be seen first of all, whether the domestic enquiry in this case was fair and proper and whether the finding on the enquiring officer was based on proper evidence.

The company has produced the proceedings of the enquiry held by the Secretary Shri K.A. Menon who was examined as O.P.W.2 in this Tribunal. It appears from the papers of the proceedings that Shri Menon at first examined Basunandan, and then two other persons who were said to have been present during the incident, viz., Brizmohan Tewari and Bisheswar Pandey. Next Shri N. C. Banerji, an officer of the company, was examined. Thereafter the accused persons, viz., Nayan Singh, Durwan of Francis Klein and Co., and Kajiman and Tikaram, both of Tinker and Co. were examined. According to Shri K.A. Menon P.W.2, a joint enquiry was held into the charges against Nayan Singh of Francis Klein and Co., and Kajiman and Tikaram of Tinker company. Shri Memon also

states that Shri Chorian was representing the company in the enquiry proceedings, and most of the questions were put by him and Shri Menon also put a few questions to the witnesses. He recorded the answers given by the witnesses in Hindi language, in English, as far as he could. Shri Menon admits that he might have omitted some statements of the witnesses as the witnesses were talking very fast and they were bringing in many extreneous matters. There is also nothing to show that the accused Durwans were given opportunity to cross-examine the witnesses cited by the company in the enquiry proceedings. There is no note in the enquiry proceedings that the suspected Durwans refused to cross-examine the witnesses. When the accused persons were not allowed to cross-examine the witnesses of the company, the enquiry cannot be said to be a fair one.

It may also be noted that the evidence of Basunandan before Shri Menon was that Brizmohan Tewari and Bisheswar Pandey were present and saw the incident. These two witnesses admitted in the enquiry proceedings that they could not hear Kajiman and Nayan saying anything in favour of the arrested man. It appears, therefore, that the finding of the enquiring officer was not based on proper evidence.

In the charge-sheet which has been made Annexure A to the statement of the company., it was alleged against Nayan Singh that he had refused to assist Basunandan in apprehending the man who was found removing brass shavings and components, and that he pleaded for his release The findings of the enquiring officer Shri Menon (Ext.E), however, does not show that these allegations against Nayan Singh were proved. On the other hand, his finding is that it was reasonable to assume that the circumstances clearly pointed out to the possibility that the accused Kajiman was aware of the incident, and the other accused persons were trying to shirk responsibility and were not helping to unearth the real fact of the theft. It is, therefore, clear that the enquiring officer did not find that the specific charges againt Nayan Singh were established by evidence before the enquiry proceedings. In the circumstances it cannot be said that the domestic enquiry was fair and proper and was based on sufficient evidence.

Nayan Singh has stated before this Tribunal that he has put in 27 years of good service in this company without any charge-sheet or warning at any time previous to this incident. This statement has not been denied by the company, nor challenged in cross-examination of the witnesses. Admittedly, Kajiman is Nayan's son, and he was employed under Tinker Company. Nayan Singh was a Durwan in Francis Klein and Co. Ltd. and he used to sleep in the showroom of the company Of course, the company gave a room to Nayan Singh and the latter admits that his son Kajiman was occasionally staying there. But he avers that since his son married, he was living separately and he had no control over his son. Even if Kajiman was guilty of the stealing the goods of the Company, that would not ipso facto make his father liable for that unless there would be cogent evidence to establish this connivance. The only witness examined by the Company before this Tribunal is Basunandan Singh who got his son appointed in service in the vacancy caused by the dismissal of Kajiman Singh and Tikaram. So, it cannot be said that he is a disinterested witness. Brizmohan and Bisheswar were not examined in this Tribunal. Nayan says that on the night of the incident he was sleeping in the showroom, and at about 7 a.m. in the morning, while he was going out, he found a few persons collected on the main road at the back of the showroom, and a box was lying there. He categorically denied the allegation that he asked Basunandan to release the arrested man. It is admitted that the tin-container was found to contain some goods of the Tinker Company. O.P.W.1 Basunandan admits in cross-examination that if a man would come to Dacres Lane from inside the factory of Tinkers, he would not be seen by anybody standing in the front side of the showroom of Francis Klein and Co. Thus the evidence adduced before the Tribunal also does not establish that Nayan Singh was connected with the alleged theft of the materials of the company.

I find, therefore, that the company was not justified in dismissing the Durwan Nayan Singh who had an unblemished service record of 27 years.

It is directed that he should be reinstated by the company and paid his back wages from the date of his dismissal. If the management considers that Nayan Singh should not be given 'guard duty' because of the company's loss of confidence in him, as claimed by them, he may be alloted some other job of similar nature as found suitable.

This is my award.

For the Workman : Shri Matish Roy, General Secretary.

For the Company : Shri K. K. Maitra, Advocate.

This proceeding arose out of an application under section 33A of the Industrial Disputes Act, filed by Shri Shew Prosad Singh, (son of Gouri Sankar Singh, residing at 95/1 Cassipore Road, Calcutta-2,) in which he complained that the company opposite party Messrs. S.P. Manufacturing Co. victimised him for his active association with the Wood Products Mazdoor Union by retrenching him with effect from 16th August 1963 on false grounds and this action was wrongful and mala fide and was also in contravention of the relevant provisions of section 33 of the Industrial Disputes Act because it was taken during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 3537-I.R., dated 6th August 1962 but without complying with the relevant requirements of law. He claims reinstatement with full back wages.

The company opposite party appeared and filed its written statement in due course.

After necessary preliminary proceedings and some inevitable adjournments, the case was finally fixed for hearing on 3rd December 1966. On that date the parties filed a joint petition of compromise setting out therein the terms upon which the dispute had been amicably settled and praying for necessary orders in terms of the settlement.

I have considered the terms of settlement. These appear to me to be quite fair, lawful and reasonable. I am satisfied that there has been a bona fide settlement of the dispute under adjudication in the present proceeding in terms of the joint petition of compromise. Accordingly the case is to be disposed of by a compromise award in terms of the joint petition of compromise.

Accordingly I make a compromise award in terms of the settlement contained in the joint petition filed by the parties, copy whereof is made part of the award as an annexure.

Bengal Cloth House (Proprietor Shri Jangilal Mehera), B. C. Road, P.O. Burdwan and their workmen represented by West Bengal Shop Assistants' Federation, B73 College Street Market, Calcutta-12, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bengal Cloth House(Proprietor Shri Jangilal Mehera), B. C. Road, P.O. Burdwan and their workmen represented by West Bengal Shop Assistants' Federation, B73 College Street Market, Calcutta-12, referred under G. O. No. 3240-I.R./IR/11L-72/66' dated 12th August 1966. (Case No. VIII-318/66.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri S. K. RAY, Judge.

The above dispute over the issue specified in the Order of Reference and reproduced below was first referred for adjudication to the Second Industrial Tribunal, West Bengal, by the Government of West Bengal, Labour Department, order No. 1312-I.R./IR/11L-72/66, dated 1st April 1966 and the proceedings of the said reference before the Second Industrial Tribunal were subsequently withdrawn by the Government of West Bengal and transferred to this Tribunal for disposal under section 33(b) of the Industrial Disputes Act, by order No. 3240-I.R./IR/11L-72/66, dated 12th August 1966. After this transfer, this Tribunal took the proceedings for adjudication afresh.

Issue

Whether the termination of service of Sarbashri Shyamal Kumar Bhattacharyya and Sitapati Roy is justified? To what relief, if any, are they entitled?

Notices were issued by this Tribunal to the Company and the Union and these were duly served. Shri S.

Datta, General Secretary of the Union, appeared for the Union and Shri S. Meitra, Proprietor of the Company, appeared for the Company on 6th September 1966. On the prayer of the Union, the case was adjourned to 21st September 1966 for filing of written statement by the Union. On 21st September 1966, there was no appearance by either party and no written statement was filed by the Union. The case was again adjourned to 7th October 1966 and then to 17th October 1966, 19th November 1966 and 12th December 1966 in order to give the parties further opportunites to appear and take necessary steps for adjudication of the dispute but both parties continued to be absent on all these dates. It is clear from all the aforesaid facts and circumstances that the parties are not keen on adjudication and have given up the dispute which has thereby ceased to exist for adjudication. The case is, therefore, to be disposed of by a 'no-dispute' award.

Accordingly I make a 'no-dispute' award in the case.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri R. BHATTACHARYA, M.A. LL.B., Judge, Fourth Industrial Tribunal.

It is a reference under section 10 of the Industrial Disputes Act. The parties are Messrs. Amar Talkies, Alipurduar, district Jalpaiguri and Shri Ranjitmal Kankaria, Lessee of Messrs. Amar Talkies, 87 Dharmatala Street, Calcutta-13, on the one hand and their workmen represented by Bengal Motion Picture Employees' Union, Alipurduar Branch, P.O. Alipurduar, district Jalpaiguri, on the other. The issue for adjudication runs as follows:

Issue

Whether the dismissal of Shri Kshirode Ranjan Roy, Operator, is justified? To what relief, if any, is he entitled?

After service of notice, Bengal Motion Picture Employees' Union, (hereinafter described as the Union) filed written statement. The cinema business in the name of Messrs. Amar Talkies has been described as the company in the written statement of the union. It has been alleged that Kshirode Ranjan Roy was illegally dismissed and that it was a case of unjust victimisation.

Ranjitmal Kankaria mentioned in the order of reference connected with Amar Talkies has filed written statement stating that the order of reference is bad in law and not maintainable, and that Shri Kankaria is not a proper party to the dispute as there had been no relationship of employer and employee between him and Kshirode Ranjan Roy.

When the case became ripe for hearing, the union filed an application for adding one Shri T. K. Warrier, C/o. Suragi Pictures, 2 Chowringhee Road, Calcutta. Today at the request of both the sides that application and the present dispute is heard together. Admittedly, "Amar Talkies" is the name of the building of the cinema business. There are owners of this building and they leased out the building with some furniture, fittings, machineries to persons desiring to carrying on cinema business. In the present case the admitted fact is that the owners, namely, Shri Saroda Kumar Sen Sharma, Shri Rajendra Nath Roy Sarkar and others leased out the cinema building named 'Amar Talkies' to T. K. warrier who carried on the cinema business in the said premises in the name of Amar Talkies, and that Kshirode Ranjan Roy, the dismissed workman, was an employee under him. The

further admitted fact is that Shri Warrier discontinued the business and closed the business after the dismissal of Kshirode Roy. There is no denying the fact that thereafter on 28th August 1964 the owners of the building leased out the premises known as 'Amar Talkies' to Ranjitmal Kankaria by executing a deed of lease and that Shri Kankaria started a cinema show house there under the name and style "Amar Talkies".

The contention on behalf of Shri Kankaria is that the present reference is bad because Kshirode Roy was never in the service of his business. From the side of the union it has been urged that in order to cure the defect the workmen have prayed for adding T. K. Warrier as a party to this proceeding because Kshirode Roy was, in fact, in his employment. It has been submitted that unless Shri Warrier is added as a party, no relief can be granted to the workman concerned.

From the reading of the order of reference it is quite clear that the employer in the present reference is Ranjitmal Kankaria and that the name of his business is "Amar Talkies". Admittedly whoever becomes a tenant of the premises known as Amar Talkies carries on cinema business in the said name. Now in the present case if Shri Warrier is added as a party describing him as the proprietor of the business, in that case the character of the reference is completely changed. The employer becomes quite different person. This the Tribunal cannot do. The Tribunal may add a necessary and proper party connected with the dispute and the parties described in the order of reference. Here Shri Warrier has no connection with the business of Amar Talkies carried on by Shri Kankaria. I cannot bring in this proceeding an unconnected and strange person to make him a party simply because the order of reference made by the local government has become bad for want of proper parties. Both the parties admitted before me that there has been error on the part of the local government to make Ranjitmal Kankaria as a party to this dispute and that Shri Warrier should have been mentioned as the proprietor of the business Amar Talkies. I am sorry, in the present case the hands of the Tribunal are tied by the provisions of law. Its jurisdiction is created by the order of reference. I am only to see whether the present reference is a proper reference and whether in the present proceeding I can give relief to the party concerned. In this case when the employer mentioned in the order of reference has no connection with Kshirode Ranjan Roy, the dismissed employee, I should hold that the present reference is not maintainable and that no relief can be granted to Kshirode Ranjan Roy. The application for adding Shri Warrier as a party to this proceeding is rejected as not maintainable in law. If the local government makes a proper and suitable reference for adjudication of the dispute regarding the dismissal of Kshirode Ranjan Roy in future mentioning proper parties therein, the aggrieved party may get suitable redress there, if the evidence and the circumstances so demand.

In the result, the reference is held not maintainable in the present form and hence the workman in question is not entitled to any relief.

Garopara, Jalpaiguri, and their workmen represented by the Tea Garden Indian Employees' Association, P.O. Kalchini, Jalpaiguri, referred to this Court under G O. No. 464-I.R./IR/9L-87/57, dated 8th February 1960. (Case No. VIII-C-26/60.)

For the Company: Shri P. Ghosh, Advocate.

For the Union: Shri Phani Sanyal, Advocate, and Shri T. P. Chatterjee, Advocate.

AWARD

In this reference under section 10 of the Industrial Disputes Act covered by order No. 464-I.R./IR/9L-87/57, dated the 8th February 1960, the dispute involved is confined to a very small point namely whether the management is justified in not appointing Shri I. B. Ganguly to the post of Head Factory Supervisor of the Company. The dispute arose in this way.

In or about 1944 several tea gardens including Rajabhat Tea Estate and Bhatkawa Tea Estate were being managed by messrs. McLeod & Co. Ltd. Shri I. B. Ganguly the concerned workman was then in employ of the Rajabhat Tea Estate in the capacity of second factory supervisor. In or about November 1957 the Head Factory Supervisor one Mr. Chatterjee died and after his death naturally the post fell vacant. The present dispute relates to and centres round the question of filling up that post. The Company filled up that vacancy by appointing one Shri Chakravorty who was not at all connected with the said garden. The grievance of Shri I. B. Ganguly is that by virtue of the existing rules of service whereby seniormost employees are entitled to promotion in preference to juniors, he ought to have been called upon to fill up that vacancy. The company having acted mala fide in not doing so is therefore liable to make good the loss by compensating him.

The company's case is mostly a case of denial. It is denied in the first instance that there was any mala fide whatsoever in the matter of Shri Chakravorty's appointment. It has also denied that Shri Ganguly was entitled as a matter of right to that disputed promotion by virtue of any existing rules of service. According to the Company Shri Chakravorty was far superior to Shri Ganguly and that Shri Chakravorty was alone the fittest candidate to be employed as the Head Factory Supervisor.

It is clear from what has been stated above that the dispute between the parties relates to the legality or otherwise of the company's act of selecting Shri Chakravorty in the post of the Head Factory Supervisor and the corresponding act of the Company in not appointing Shri Ganguly in that post. To dissolve that dispute it is necessary to have a clear grasp on the law of promotion.

The learned Advocates appearing on behalf of the parties have invited my attention to two cases reported in 1966 L.L.J., Vol. 1, page 402 and 1963 L.L.J., Vol. 1, page 256, not so much for the facts stated as for the principles of law laid down therein. "In dealing with such dispute," so observes His Lordship Mr. Justice Gajendragadkar "however anxious industrial adjudication may and must be to protect the legitimate right of the employees, regard must always be had to the fact that in the matter of promotion, discretion must primarily be left to the employer." To the same effect runs the observation of His Lordship Mr. Justice Wanchoo when he states "Generally speaking promotion is the management's function but it may be recognised that there may be occasion when Tribunal must interfere with promotion made by management where it is felt that persons superseded have been so superseded on account of mala fide or victimisation." To apply now the aforesaid principles of law to the facts and circumstances of the case in hand.

There is not an iota of evidence on record to show that in or about 1957 or at any time before that, the relationship between Shri Ganguly and the employer was anything like strained. As Shri Ganguly has himself put it in his examination in chief, he was never charge-sheeted for his activities, nor warned for his office action. Indeed as a matter of fact I find from the materials on record that the appointing authority Mr. Kani O.P.W. 2 had no occasion whatsoever to bear any malice or grudge against Shri Ganguly, —Mr. Kani having been appointed as the Manager of the Bhatkawa Tea Estate just a few months before the relevant time. Mr. Kani had entered into the company or rather the Tea Estate concerned only in 1957. It is true that at the relevant time, i.e., in 1957 Shri Ganguly was acting as an office bearer of the executive committee of the Union but then that by itself is not enough to justify this Court of law to impute anything like mala fide in the company's conduct. And if there is no mala fide or victimisation, there cannot be any condemnation either of the company's act of not promoting Shri Ganguly to the post in point. From the evidence of Shri Ganguly himself I gather that one Bipin Pal was much senior to him in service. There is no whisper of evidence on record that against Bipin Pal also the company had any grudge or malice. Why therefore blame the company unnecessarily? It is true that in the matter of appointment of Shri Chakravorty the company had taken recourse to a particular procedure, namely, appointing a person from what is technically called an "open market". Shri Chakravorty was not an employee of any of the gardens administered by McLeod & Co. But this was not the first time when an outsider was appointed in an important post. The evidence in cross-examination of P.W. 1 Shri Ganguly's own witness makes it crystal clear that formerly there were some occasions when outsiders were brought in (vide paragraph 3 P.W. 1). The reason why Shri Chakravorty and not Shri Ganguly had been appointed in the disputed post is not also far to seek.

It would transpire from the materials on record that the deceased Head Supervisor Shri Chatterjee was a man of exceptional capability, he having 36 years' wide experience in the Tea Estate. Compared to that wide and a comprehensive experience of Shri Chatterjee, the experience gathered by Shri Ganguly indeed looks very small and pigmy. On his own saying Shri Ganguly had at best 5 years' experience and that too as an officiating supervisor. The evidence of Mr. Kani shows that on the demise of Shri Chatterjee the company was seriously searching after a suitable personality. Naturally advertisement in papers were made for the purpose. It is only after an interview that Shri Chakraborty was selected from far off Assam. Mr. Kani's evidence makes it quite clear that Chakravorty was the fittest man to be selected for that post. This evidence of Mr. Kani stand unchallenged and unimpeached on the record inasmuch as Shri Ganguly is not definite as to whether Mr. Kani gave that appointment to the seniormost person available at that time after interviewing Shri Chakravorty and considering his suitability for the post (vide Shri Ganguly's evidence). It is again from Mr. Kani's evidence that we get that Shri Chakraborty had also 26 years' experience to his credit,—experience with such big companies, e.g., Duncan Brothers, Shawallace where for long 20 years he acted as Head Factory Supervisor. The learned Advocate Shri Sanyal appearing for the Union has invited my attention to the company's circular of which Ext. 1 is a photostat copy. The circular runs as follows:—"The present system whereby vacancies are usually filled from members of the Staff of the garden concerned, or by entirely new man, means that juniors may secure promotion whilst senior and capable men on other agency gardens are unable to do so until a vacancy occurs on the garden on which they are serving. It appears to me that it would be fairer if for the purpose of promotion the clerical staff of all the

gardens in the group are considered as one body, from which, when a vacancy occurs posting should be made in accordance with seniority and capability irrespective of the gardens on which they were serving." The learned Advocate has cut short his argument very conveniently by stating that the company acted illegally in not following that rule contained therein. To my mind however it seems that the company fully obeyed the spirit of the circular in the matter of its selecting Shri Chakravorty who was really as we have just seen, the seniormost worker at that point of time and a man who was alone suitable for the vacancy left by the deceased Shri Chatterjee. From what I have stated so far it is clear that the management was perfectly justified in not appointing Shri I. B. Ganguly to the post of the Factory Supervisor. The management's function therefore need not and indeed should not be interfered with. No question of granting any relief to Shri I. B. Ganguly arises then.

This is my award.

AWARD

By order No. 3754-I. R./IR/11L-343/66, dated the 14th September 1966, the Government fo West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Friends Union Tailors Private Ltd., 162 Bepin Behari Ganguly Street, Calcutta-12, and their workmen represented by Shop Assistants, Association of Bengal, B-73 College Street Market, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I. R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the termination of employment of Shri Kiron Chandra Sarkar is justified ? To what relief, if any, is he entitled ?

On receipt of the Order of Reference usual notices were issued to the parties, fixing the 18th October 1966 for their appearances as also for the filing of the written statement by the union. The union appeared and filed its written statements. In its written statement filed, the union has stated that the concerned worker Shri Kiron Chandra Sarkar was dismissed from service with effect from the 23rd April 1966 as he had on that date prayed for one month's wages in lieu of his leave for 1372 B. S. under the Shops and Establishments Act and prayed for his reinstatement with all wages and other benefits during the period of his forced unemployment. It has also prayed for direction on the company to give the worker one month's wages in lieu of his leave for 1372 B. S.

Notice of the Reference was duly served on the company. A copy of the written statement was also sent to the company under registered post with acknowledgment due and the same was accepted by it. As notwithstanding the service of the notice of the Reference and the receipt of the copy of the union's written statement the company did not turn up to contest the worker's case the case was taken up for ex-parte hearing today.

The concerned worker deposed before this Tribunal and in his evidence he stated that on the date of his dismissal, he was drawing a monthly salary of Rs.75. He also stated that on the 23rd April 1966, he had approached the Management for one month's wages in lieu of his leave for 1372 B. S. under the Shops and Establishments Act, but the Management had not only not paid him

the wages but had also dismissed him from the service without giving any reason whatsoever. As this evidence of the concerned worker I find no reason to disbelieve, I must hold that his dismissal was illegal and unjustified and that he is not only entitled to be reinstated with all wages and benefits for the period of forced unemployment but he is also entitled to get one months' wages in lieu of his leave for 1372 B. S. An award directing the company to reinstate the concerned worker Shri Kiron Chandra Sarkar and to pay him all wages and other benefits during the period of his forced unemployment since the 23rd April 1966 as also one month's pay in lieu of his annual leave for 1372 B. S. is accordingly passed.

This is my award.

AWARD

The above dispute over the issue specified in the Order of Reference and reproduced below, was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 3432-I.R./IR/13L-13/62, dated the 17th August 1963.

Issue

Whether the dismissal of Shri Khurram Khalil and Shri Galib Ahmer is justified? To what relief, if any, are they entitled?

The relevant case put forward by the Indian Journalists' Association (hereinafter referred to as the Union) is briefly set out below :

The Rozana Hind is a leading Urdu Daily newspaper published from Calcutta. It commands a fairly large circulation and earns a substantial revenue. But the service conditions of the employees particularly the working journalists are far from satisfactory. Their wages are extremely low and inadequate. The benefits of dearness allowance, provident fund, gratuity and leave facilities, etc., are not allowed to the employees. The provisions of the Wage Order for working journalists published by the Government of India in or about May 1959, in accordance with the recommendations of the Working Journalists Wage Co-Committee were not implemented in the case of the employees of this Paper. Repeated representations were made by the employees for getting the benefits of the Wage Order and the Working Journalists' Act, but all these proved to be of no avail. Ultimately on or about the 21st February 1963, these two concerned employees Shri Khurram Khalil and Shri Galib Ahmer sent an ultimatum to the Employer demanding redress of their grievances. This infuriated the authorities and thereafter both these workmen were removed from service one by one. On or about the 18th April 1963, the Manager of the Paper asked Shri Khalil to submit a fresh application for appointment and on his refusal to comply with this unusual order, he was driven out of the office and was not allowed to resume his duties in spite of repeated requests. He was thus dismissed with effect from the 18th April 1963. Then on or about the 29th June 1963, the Manager asked Shri Ahmer to give a declaration to the effect that he was not a

regular worker of the Paper and that he worked on contract basis. Naturally, this workman refused to do so and the immediate consequence was that he was not allowed to work any more and was turned out of the office. So, Shri Ahmer was dismissed with effect from the 29th June 1963. The dismissals of both these workmen were arbitrary, unwarranted, mala fide and in violation of the provisions of the Standing Orders applicable to the journalists and they were practically victimised for the bold stand they took for improving the lot of the employees. Both of them were serving on a monthly salary of Rs. 100 each at the time of the dismissal. They had put in more than 4 years' service at the time of their dismissals The union has claimed reinstatement of both the dismissed workmen to service with full back wages.

A written statement has been filed by the Rozana Hind. In this written statement a preliminary objection has been raised at the out-set and this is that the Rozana Hind is not a legal entity and as such, it is not an Employer and there exists no employer-employee relation between the Rozana Hind and the concerned workmen and consequently the dispute as referred, is not an industrial dispute and the Government acted without jurisdiction in making the Reference. The case on merits as put forward in the written statement may be briefly described as follows.

These two persons Shri Khurram Khalil and Shri Galib Ahmer had never been employed to work in this Paper and they were not the direct employees of this Paper. The Paper is not in a prosperous condition but it is passing through crises. This Paper fully implemented the provisions of the Working Journalists Act and the Wage Order but these two concerned persons did not come under the purview of the Wage Order or the Working Journalists Act because they were not employed as working journalists in this Paper. This Paper had no occasion to punish or victimise the working journalists. As these two persons were not employed in this Paper at all, no question could arise as to their dismissal from the service of the Paper. The contrary allegations made on their behalf by the union are all false and unfounded. The whole position is that they were not employees of this Paper and they were never dismissed as alleged. Consequently, they are not entitled to any relief.

I first take up the preliminary objection raised by the company. In my view, there is no substance in this objection and it must fail. The Rozana Hind is admittedly, an Urdu Daily of this City and the concerned persons claiming to be workmen of this Paper were fully entitled to raise an industrial dispute regarding their alleged dismissal through their union which, as its very name signifies is an Association of Journalists. Notice of the Reference was duly served upon the Rozana Hind, described as the Employer. This notice was accepted and the Paper appeared in its own name through its authorised legal representative and filed its written statement. It is very significant to note that in the written statement it was never disclosed as to which concern was the real owner of the Paper. Rozana Hind. In the evidence only it was stated that Hind Printing and Publishing is the owner of this Paper. Even assuming it to be so, it cannot be disputed for a moment that the whole establishment is run in the name of the Paper, Rozana Hind. All official works of the Paper are conducted in that name without in any way, referring to or disclosing the name of the alleged owner of the Paper. In this case some printed letter heads of the Paper have been produced and these are all in the name of Rozana Hind. I have no doubt upon the evidence that the real intention of the Reference was to refer for adjudication a dispute between the authorities owning or managing the Paper and their workmen and such a dispute was certainly an industrial dispute. The mention of the name of the Paper "Rozana Hind" as the Employer, was quite legitimate and reasonable in the circumstances of the case and there can be no doubt about the fact that the dispute between this Paper and its employees was referred for adjudication by the Government and this Reference certainly binds not only the Paper but the authorities owning or managing the Paper. In fact, no other view, is in my opinion, possible when it is considered that whoever might be the real authorities owning or managing the Paper, they always acted in the name of the Paper and they are certainly bound by Reference made in the name of the Paper. It is particularly to be noted that the Certified Standing Orders applicable to the employees, also stand in the name of Rozana Hind (Ext. 1). In view of the above facts and circumstances of the case relating to this point, I have no hesitation to reject the preliminary objection and hold that it is perfectly a legitimate Reference under section 10 (1) of the Industrial Disputes Act and it does not matter in the least that the name of the employer has been given as the Rozana Hind which is also the name of the Newspaper in which these persons are alleged to have been employed. I am supported in making this decision by the principle laid down by the Calcutta High Court in the case of Jewanlal (1929) Ltd., vs. Fourth Industrial Tribunal, on a similar matter. The case is reported in L.L.J. 1962, Vol. 1, page 333.

I now come to the merits of the case The crucial points for decision on merits are whether these concerned persons were really employed as working journalists in this Paper and whether they were dismissed summarily in the manner alleged I have already indicated above that on behalf of the Newspaper, the clear and categorical position taken is that these persons were never employed in this Paper and they never worked for this Paper. On behalf of the Newspaper, there is oral evidence of its Manager Shri K. Hossain in support of the position that these persons were never employed by the Paper. He has, however, been constrained to admit that they might have acted for the Paper under some personal contract or arrangement with some working journalists of this Paper but for their such acts, they were paid by those working journalists themselves who get money from the authorities of the Paper. This witness has produced the attendance register and some other books of the Paper to show that the names of these two persons were never entered in the attendance register or other books of the Paper as employees. No doubt, the attendance register and other books produced in this case, do not show their names as employees. The explanation put forward on behalf of the concerned persons is that the attendance register and other books were not properly kept and the names of all the working journalists were not entered in this register or books for some ulterior purpose and these

persons drew their pay from the Company by signing in loose sheets of papers. On behalf of these two concerned persons, some documentary evidence has also been produced to show that they were admitted and acknowledged to be the employees of this Paper and Shri Khurram Khalil was, on many occasions, deputed to attend invitations for Press conferences on behalf of this Paper and he actually attended the Press conferences and submitted reports which were published in the Paper and at least in one case, he was a signatory to a communal peace appeal made by prominent journalists of the City and he signed the appeal on behalf of the Rozana Hind. It is to be noted that the evidence is that Shri Khalil was both a sub-editor and a reporter while Shri Galib Ahmer was only a sub-editor. The papers of exhibits 4, 6, 7 and 8 have been relied on by the Union in support of this position. Ext. 4 series contains all papers concerning invitations for Press conferences and attendance of Shri Khalil in some Press conference on behalf of this Paper. Ext.6 shows the name of Shri Khalil as a representative of this Paper in a peace appeal. Ext. 7 series contain correspondences between the Paper and Shri Galib Ahmer. Ext. 8 is a certificate granted by the Manager to Shri Galib Ahmer on the 1st September 1960. Of course in this certificate it was stated that he was leaving his job in this Paper for taking appointment elsewhere. Shri Galib Ahmer has stated that he never really left his job in this Paper after the certificate but he only wanted the certificate for trying for a job in the Government Translation Department and he was given the certificate in that form because the Manager refused to give him any certificate unless that form was maintained. Considering all these documents in their proper perspective and against the background facts and circumstances of the case, I am clearly of the view that it has been amply established that those two persons were really working as journalists in this Paper notwithstanding that their names were not shown in the attendance registers or other books of the company. I do not accept the belated and half-hearted explanation put forward on behalf of the Paper that they might have done some works for the Paper under some personal arrangements with some working journalists of this Company. None of the alleged working journalists has come forward to support this position by evidence. The papers of Ext. 2 series also support the contentions of these persons that they were really acting as journalists in this Paper and were taking instructions from the Nazim Mr. R. Faridi who was the Chief Administrator. Sheets 16 and 17 of Ext. 2 are particularly important. Sheet No. 16 is written in Urdu and Sheet No. 17 has been proved to be its correct English Translation. Sheet No. 16 is a list of distribution of work among the journalists of this Paper including Shri Galib Ahmer and Shri Khurram Khalil whose names are clearly mentioned in the list with some works noted against their names. The Urdu list has been proved to be signed by Shri R. Faridi, Nazim, the Chief Administrator of the Paper. In my view, Exts. 16 and 17 cannot but be believed and the papers show that even in September 1961 these two persons were working as journalists in this Paper and were allotted different works of journalistic nature by the Chief Administrator Mr. Faridi. These documents certainly cut at the root of the contention now raised on behalf of the Paper that these persons never worked for the Paper as its employees and as working journalists and even if they did anything, they did it under some special or personal arrangements with some working journalists for which this Paper had no responsibility to either. Sheet No. 5 of Ext. 7 is a copy of the representation made to the Manager of the Paper by these two persons objecting to their names not having been included in the register of working journalists. This objection was made as far back in December 1959. Sheet No. 16 of Ext. 7 is the final ultimatum given by these two persons to the Manager of the Paper stating that if the Wage Order and the Working Journalists Act were not implemented in their case, they would seek redress in a Court of law. I see no reason to disbelieve the papers of Exts. 2, 4, 6, 7 and 8 series. After considering the documents just referred to and discussed above in the light of the whole evidence produced in this case, I have no hesitation to hold that these two persons were really employed as working journalists in this Paper and they actually did carry on their duties as such working journalists of this Paper though their names were not shown in the attendance registers and other books now produced by the Paper, and as their appointments were informal because no appointment letters were issued to them, their services were also informally terminated when they took a strong attitude regarding implementation of the Wage Order and the Working Journalists Act in their case. It is significant to note in this connection that the working journalists, whose names are entered in the attendance registers of the Paper produced in this case, have been proved to be mostly related to the Nazim Shri R. Faridi or the Manager Shri K. Hossain, These two concerned persons are, however, rank outsiders and have no relationship with any of them. There was certainly no justification for termination of the services of these two persons and it was unwarranted and viewed in the background of their strong agitation for getting the Wage Order and the Working Journalists' Act implemented in their case, in spite of absence of any response from the other side, it may quite sufficiently and reasonably be said that their services were terminated by way of victimisation.

In the result, I hold that the dismissals of Shri Khurram Khalil and Shri Galib Ahmer were not justified and they are entitled to adequate reliefs against their dismissals.

As to the reliefs, both of them have claimed reinstatement with full back wages. I do not see any reason why the normal reliefs of reinstatement with some back wages should not be granted to these persons. So I would allow them reinstatement with some back wages. As to the period of back wages, I would fix it at one year for each having regard to the long pendency of this Reference proceedings and other circumstances of this case.

In the result, I award that the dismissals of Shri Khurram Khalil and Shri Galib Ahmer were unjustified and they are to be reinstated to their respective posts in the concerned Newspaper, viz., Shri Khurram Khalil to the post of Sub-editor and Reporter and Shri Galib Ahmer to the post of Sub-editor, on theirr eporting for duty, within 15 days of the publication of the award and on their so reporting for duty, the authorities of

the Paper must pay them back wages for a period of one year at the rate actually last drawn, viz., Rs. 100 per month each, within a month.

This finishes my award.

In the matter of an industrial dispute between Messrs. Aktar Hossain Kaful Ahmed Sirajuddin, of 2 Gas Street, Calcutta and of 85/10 Narekeldanga North Road, Calcutta-11 and their workmen represented by Calcutta Biri Mazdoor Union, 249 Bowbazar Street, Calcutta-12. BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M.A. LL.B.,
Judge, Fourth Industrial Tribunal.

For the Union: Shri Parimal Das Gupta, Advocate.

For the Firm: Shri Lenin Roy, Advocate.

The present reference under section 10 of the Industrial Disputes Act has been sent to this Tribunal by the Government of West Bengal, Labour Department, order No. 3080-I.R./IR/11L-176/63, dated the 1st August 1963. The parties are Messrs. Aktar Hossain Kaful Ahmed Sirajuddin (hereinafter described as the firm), of 2 Gas Street, Calcutta and of 85/10 Narkeldanga North Road, Calcutta-11, and their workmen represented by Calcutta Biri Mazdoor Union, 249 Bowbazar Street, Calcutta-12. The issues for adjudication are as follows:

Issues

1. Whether the management is justified in locking out their Biri Rolling Centre at 85/10 Narkeldanga North Road, Calcutta, from 4th April 1963 to 13th April 1963? To what relief, if any, are the workers entitled?

2. Whether the Management is justified in locking out their Biri Rolling Centres at No. 2, Gas Street, Calcutta and at 85/10 Narkeldanga North Road, Calcutta, from 29th May 1963? To what relief, if any, are the workers entitled?

Both the parties have appeared and submitted their written statements. The case submitted by the Calcutta Biri Mazdoor Union, (hereinafter referred to as the union), is that the firm has its two manufacturing centres —one at 85/10 Narikeldanga North Road, Calcutta-11, and the other at 2 Gas Street, Calcutta-9, where its workmen prepare biris. It has been alleged that the Industrial Tribunal of West Bengal passed an award in favour of the workmen of the firm for the payment of wages for the period of lock-out held by the firm. The firm had been avoiding such payment. On the other hand, on 4th April 1963 it suddenly locked out the biri rolling centres at 85/10 Narikeldanga North Road, without any notice or reason. The said lock-out continued up to 13th April 1963, and no wages were paid to the workmen for the said period of lock-out. Thereafter the firm again locked out the biri rolling centres, at 2 Gas Street, and 85/10 Narikeldana North Road with effect from 29th May 1963, and the said lock-out has been still continuing without any notice or valid and legal reason. The case of the union is that the lock-out by the firm was illegal, mala fide and unjustified. The union, in the circumstances, has claimed full wages for the period of lock-out.

A written statement has been filed in this case on behalf of the firm by one Amiruddin calling himself Manager of the business. The claim of the union has been challenged on several grounds It has been stated from the side of the firm that the present reference is without jurisdiction on the ground that there had been no industrial dispute, that the order of reference is illegal, that the business of the firm at 2 Gas Street, Calcutta, had been closed down in December 1961, that there is no employer and employee relationship between the firm and the persons who raised the dispute and that the firm had never any biri rolling centre at 85/10 Narikeldanga North Road. Besides, these legal points, it has been stated in the written statement that the firm had only one biri rolling centre at 2 Gas Street, Calcutta, which had already been closed down. The firm also pleaded ignorance of the previous award passed by the Industrial Tribunal mentioned by the union in its written atatement.

On the side of the union three witnesses have been examined while on the side of the firm only one. On both the sides several documents have been exhibited.

At the time of argument the only contention raised from the side of the firm was that the firm had never any biri rolling centre at 85/10 Narikeldang North Road, and that the only biri rolling centre it had at 2 Gas Street, Calcutta, had been closed down toward the end of December 1961. The argument is that the story set up in this case is concocted and imaginery. I shall first of all see how far these contentions can be accepted on the evidence on record. On the side the firm the only witness examined is Maijur Rahaman, O.P W.1. He admits that Aktar Hossain Kaful Ahmed Sirajuddin is a partnership firm. He says that he was the Works Supervisor of the business. His evidence is that the business was closed down in December 1961. There is existence of the business now. After the stock of the business became exhausted, the firm surrendered the tobacco manufacturing licenceses to the authority in July 1962. This witness has been thoroughly cross-examined. He has stated that he used to supervise the works in the godown and not the work of biri workers. He had no connection with the persons who used to prepare biris. It also appears that he knows the premises No. 85/10, Narikeldanga North Road, where he had previously stayed He has been constrained to admit that there was a biri business at85/10 Narikeldanga North Road and the said business was in the name of Aktar Hossain Kaful Ahmed Sorajuddin Of course, he has stated that the said business remained there up to 1960. This statement of O.W.P.1 goes against the vital story of the firm that there had never been any biri rolling centre of the firm at 85/10 Narikeldanga North Road. The story set up by the firm in this respect in the written statement is absolutely incorrect. It appear quite clearly therefore that there was a biri rolling centre of the firm at 85/10 Narikeldanga North Road. O.P.W.1 has stated in course of cross-examination that he was a tenant of the said entire premises during 1957 and 1958 and that he left the premises in 1960. I fail to understand how he could remain there up to 1960 when he was tenant only during 1957 and 1958. This appears to be absurd. O.P.W.1 has stated that the biri rolling centre at 85/10 Narikeldanga North Road remained up to 1960. But he does not say how that biri rolling centre disappeared. This is not a case of the firm in the written statement that the biri rolling centre at 85/10 Narikeldanga North Road was closed in 1960 or even 1961. Rather, the firm was asserted in the written statement that at no point of time there had been any biri rolling centre of the firm at the said premises. It is curious to note that O.P.W.1 has admitted also that rent of the said premises was paid up to December 1960, although he does not know who paid rent thereafter. There is still admission of O.P.W.1 that in January 1963 even the electric metre at 85/10 Narikeldanga North Road, stood in his name. It is to be noted that O.P.W 1 is the son-in-law of Aktar Hossain, a proprietor of the firm, and that he was a tenant of the entire premises. O.P.W.1 Maijur Rahaman wants to say that in 1961 he left the service of the firm. He has clearly admitted that he received the notice issued by this Tribunal on behalf of the firm. I cannot believe therefore that the evidence given by O.P.W.1 before this Tribunal is consistent, reliable and acceptable. He has not come forward with a true story. He is highly interested witness in the business of the firm. From his evidence we get that Aktar Hossain and Kaful Ahmed Sirajuddin are the partners of the firm. O.P.W.1 has stated that Amiruddin who has signed the written statement as Manager left the firm in December 1961. But in view of the filing of the written statement by Amiruddin on behalf of the firm as Manager, the evidence of O.P W.1 cannot be accepted. It also appears from the evidence of O.P.W.1 that Amiruddin has submitted the documents in this case. It appears therefore that both O.P.W.1 and Amiruddin Mia have acted in the present case on behalf of the firm. It is to be noted that none of the partners have dared appear before this Tribunal in support of the story given in the written statement. The evidence shows that Amiruddin Mia is in Calcutta. Aktar Hossain or any other partners had all reasonable opportunity to appear before this Tribunal personally. They have not taken any step whatsoever to depose before me. No reasonable and sufficient explanation has been assigned for the non-examination of those important and necessary witnesses. For non-examination of those persons coupled with the evidence and circumstances of this case I have reason to presume that had those withnesses come before this Tribunal to give evidence, the real story against them would have been out. Moreover, from the evidence of O.P.W.1 I find that several papers of business are still there but they have not been produced in this case This again will go against the firm. The firm has relied upon a copy of the letter written to the Superintendent, Central Excise, Ext. H, to show that tobacco licence had been surrendered, in supprt of the contention that the business at 2 Gas Street was closed down towards the end of December 1961. In this connection the evidence of O.P.W.1 is important, He has stated that in the licence the number of premises No. 85/10, Narikeldanga North Road was mentioned along with 2 Gas Street. This evidence supports the contention that the firm had its biri rolling centres both at 85/10 Narikeldanga North Road and at 2 Gas Street, Moreover mere surrender of tobacco licence does not prove the closing down of the business. On going through the evidence of O.P.W.1. I have no manner of doubt in my mind that Aktar, his son and other relations are carrying on businesses in different names. It is no wonder if those

business are being carried in *benami*. However, I am not very much concerned with that. But the question is whether the business of the firm had been closed down in December 1961. The company did not inform the employees that there would be any closing down of a business. No compensation was given to any of the workmen on account of the closure. The story of closure set up by the firm is not true.

It has been alleged from the side of the firm that one Netai Chandra Chakraborty is the owner of the Narikeldanga Biri Rolling Centre. This argument was advanced relying upon Ext. D, a copy of the letter written by Amiruddin, Manager of the firm, to the Assistant Labour Commissioner in May 1963. In the written statement it has not been specifically stated that any biri rolling centre at 85/10 Narikeldanga North Road belonged to Netai Chakraborty. Besides the only witness on the side of the firm O.P.W.1 has not stated before this Tribunal at any time that any Netai Chakraborty was the owner of any birirolling centre at 85/10 Narikeldanga North Road. I have no hesitation to hold that the story of Netai Chakraborty has been falsely set up by the firm.

I will now consider the evidence adduced on the side of the union. P.W.1 Rabindra Nath Chakraborty is the President of the union. He has stated that the workmen of the firm manufactured biri at 2 Gas Street and at 85/10 Narikeldanga North Road. He has personal knowledge about it. P.W.1 Surit Mallick was an M.L.A. up to 1962. He had been the President of the Beliaghata Thana Co-ordination Committee. Gas Street and Maniktolla North Road was within his jurisdiction. He has given evidence about the dispute arising out of lock-out at both the centres of the firm. This witness has personal knowledge about the two biri manufacturing centres of the firm. With regard to the lock-out in question he was present in some meetings for conciliation held by the Peace Committee. From the evidence of P.W.2 it appears that Aktar Hossain, one of the partners, was present in some meetings but he did not give out any story about Netai Chakraborty or that the workmen involved in the lock-out did not belong to his business. This witness has knowledge about the existence of the firm in 1963. He has also personal knowledge about the lock-out at the two centres. I find nothing to disbelieve P.W. 2.

P.W. 3 is Anwar who used to work in the biri factory of the firm at 85/10 Narikeldanga North Road. He has spoken about two biri manufacturing centres. His evidence is on the whole reliable. He has also spoken about the lock-out mentioned in the issues.

Of the documents I shall now mention some documents exhibited in this case. Ext. 7 is the copy of an award passed by this Tribunal in a dispute between the Firm and their workmen. The award is dated 10th October 1961. From the award we get that in that case Messrs. Aktar Hossain, Kaful Ahmed Sirajuddin filed the written statement and no clear cut case was made out by the firm. The finding of this Tribunal was that the firm was engaged in trade of manufacturing biris with the help of the workers employed at two places, namely, 85/10 Narikeldanga North Road and 2 Gas Street, Calcutta. In the written statement the firm has stated that it is not aware of any award like Ext. 7. It clearly shows that the firm has made wrong statement in the written statement and it has suppressed truth. The firm submitted its written statement in the previous case but at the time of hearing it did not contest. The firm had certainly knowledge of the award passed in that case. The statement made in the written statement is, therefore, far from truth. That finding in the award was made in October 1961. No appeal was taken from that decision. On the other hand, subsequent to this award the firm wanted to set up Netai Chakraborty as the owner of the biri centre at 85/10 Narikeldanga North Road. This story is an after-thought.

Ext. D is the copy of the letter from the firm to the Assistant Labour Commissioner. It is dated 27th May 1963. In this letter it has been stated that if there was any observation by the Tribunal as to the identity of the employer in respect of the biri rolling centre at 85/10 Narikeldanga North Road, it was not binding on the third person, meaning Netai Chakraborty, whom the firm wanted to set up subsequently. In Ext. E, a letter written to the Assistant Labour Commissioner, it was stated by the firm that the firm had been closed in December 1961. But in Ext. F, a letter written by the firm to the Assistant Labour Commissioner, dated 12th June 1963, it is stated that the firm had ceased to exist about three years ago which means that the firm was closed down in or about June 1960. This story therefore goes against the case that the firm had ceased to exist from December 1961.

However, on giving my best consideration to the facts and circumstances of this case I find that the evidence adduced on the side of the union is reliable and that the story set up by the firm in the evidence or in the written statement is unacceptable. My finding is that the firm had its biri rolling centre at 85/10 Narikeldanga North Road, Calcutta and that the firm without any justification or valid reason locked out that biri centre from 4th April 1963 to 13th April 1963 in order to victimise the workmen. I also hold that the firm had also the other biri rolling centre at 2 Gas Street, Calcutta, besides the Narikeldanga North Road centre, and that the management of the firm was unjustified in locking out their biri rolling centre at 2 Gas Street, Calcutta and at 85/10 Narikeldanga North Road, Calcutta, from 29th May 1963 onwards. The said lock-out is still continuing. This lock-out is mala fide and without any valid reason, only to victimise the workmen.

In the results, the workmen of both the centres of the firm just mentioned shall be entitled to compensation during the period of lock-out. The compensation shall be based on the daily earning of the workmen. On this point I have considered the evidence of P.Ws.1 and 3. I however assess Rs. 3 as compensation payable to each workmen for every warking day which not holiday according to the firm.

Before I close, I should mention one other fact in connection with this case. The union has submitted a list of workmen of both the centres of the firm but on the side of the firm that list has not been accepted as correct. In these circumstances and specially in view of the issues framed in the order of reference, I should not determine whether all the persons mentioned in

the list or some were the employees of the firm. The question of determination of such an issue is not before this Tribunal in the pretent reference and I refrain from making any remark on that question.

AWARD

By order No. 3671-I. R./IR/10L-62(B)/64, dated the 20th August 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Texmaco Co. Ltd., P. O. Belghoria, 24-Parganas, and their workmen represented by the Texmaco Engineering Employees' Union, Railway Gate No. 4, P. O. Belghoria, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I. R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

1. Whether dismissal of Sarbashri Haripada Chaudhury, Subimal Das alias Nikhil Das and Sukumar Das is justified ? To what relief, if any, are they entitled ?

2. Whether the suspension of Shri Ram Naresh with effect from the 20th September 1963 and of Shri Soharab Hossain with effect from the 5th October 1963 is justified ? To what relief, if any, are they entitled ?

Union's case, in short, is that the Textile Machinery Corporation Limited (hereinafter referred to as the Corporation) is a large engineering concern with its factory at Belghoria and employs about 7,500 workmen in different categories in the said factory. The Corporation is a highly profitable concern and has earned huge profit every year almost since its inception. The Corporation, however, follows and pursues a very unenlightened labour policy and is in the habit of denying the workmen, their legitimate share in profit, proper and enlightened service conditions and fair wages. Being aggrieved by the labour policy of the Corporation and to ameliorate their service conditions and for collective bargaining the workmen of the Corporation organised themselves into a trade union styled as Texmaco Engineering Employees' Union in the year 1962 and registered the said union under the Indian Trade Union Act, 1926. The Corporation did not take the emergence of a genuine trade union of the workmen in good grace and proper spirit and adopted various measures to disrupt and crush the Texmaco Engineering Employees' Union and to bolster up its pet union styled as Texmaco Workers' Union, which was discredited amongst the workmen for its pro-employer and anti-labour activities. By letter, dated 1st July 1963, union demanded six months' basic wages as bonus for the year 1962 from the Corporation. The corporation did not choose to reply to that letter but instead singled out the important office bearers of the union and the prominent activists of the union and started issuing charge-sheets on false and fictitious allegations. Shri Ram Naresh, a Setter Operator of the factory was issued with a charge-sheet, dated 25th July 1963, on the alleged ground of disobedience of lawful and reasonable order of the superior. Shri Haripada Chaudhury, an operator of Fluted Bar Section (Machine Shop) of the factory received a charge-sheet, dated 7th August 1963. Shri Sohrab, Shri Sukumar Das and Shri Subimal Das alias Nikhil Das received charge-sheets on 5th

October 1963 and along with the said charge-sheets they were suspended without wages for indefinite period. Shri Haripada Chaudhury was also suspended for indefinite period without wages along with the charge sheet issued to him. The workers denied the charges but they were punished by the Corporation, Shri Haripada Chaudhury, Shri Sukumar Das and Subimal Das with dismissal and Shri Ram Naresh and Shri Sohrab with suspension without wages for 15 days after perfunctory enquiry into the charges by the Corporation. The union contends that the dismissals and suspensions were illegal and unjustified in as much as the charges brought against them were all false and malicious and in the enquiries into the charges principles of natural justice were violated. The union also contends that these five workers have been victimised for their union activities and prays for reinstatement of Haripada Chaudhury, Subimal Das alias Nikhil Das and Sukumar Das with full back wages for the period of forced unemployment and for a direction on the Corporation to pay Ram Naresh and Sohrab Hossain full wages for the period of their suspension.

In reply to the union's written statement the Corporation filed its own written statement on the 18th January 1965 and therein it has inter alia stated that the union has no case for reinstatement of Sarbashri Haripada Chaudhuri, Subimal Das and Sukumar Das or for payment of wages to Shri Ram Naresh and Shri Sohrab Hossain during the period of suspension as they have been punished by dismissal/suspension according to the standing orders after a proper and fair domestic enquiry into the charges framed respectively against them. The Corporation denies that to crush the union and to sabotage its movement for bonus for 1962 at the rate of 6 months' wages it has picked up these five workers and also denies the union's allegation that in the domestic enquiry principles of natural justice were violated and asserts that the concerned workers are not entitled to any relief whatsoever in this case.

As evidence has come in this case, it can be said without hesitation that in the Corporation there are two unions of the workers viz. (1) Texmaco Engineering Employees, Union and (2) Texmaco Workers' Union, and that the concerned five workers are all members of the Texmaco Engineering Employees' Union, referred to hereafter in this award as the union. In paragraph 4 of its written statement the union has averred that the union was organised in the year 1962 and this was not denied by the Corporation in its written statement. In paragraph 6 of its written statement the union further averred that by a letter, dated 1st July 1963, it had demanded from the Corporation six months' basic wages as bonus for the year 1962 and this fact also was not denied by the Corporation. Few days after this letter, to be more precise, on 25th July 1963, Shri Ram Naresh, a Setter Operator of the factory was charge-sheeted for disobedience of lawful and reasonable order of his superior. Within a fortnight of this charge-sheet to Ram Naresh, Shri Haripada Chaudhury, an operator of Fluted Bar Section (Machine Shop) of the factory was charge-sheeted and suspended pending enquiry into the charge-sheet. On 5th October 1963 the three other concerned workers, viz., Sarbashri Sukumar Das, Subimal Das alias Nikhil Das and Sohrab Hossain were charge-sheeted and the first two, viz., Sukumar Das and Subimal Das were suspensed pending enquiry into the charge-sheet. It is thus evident that within three months of the union's letter for bonus for 1962 all the five concerned workers were charge-sheeted and the union has contended that these charge-sheets even after following its letter of demand for bonus supports its assertion that the Corporation has picked up its members to penalise them for its demand for bonus and thus to scare away the other workers from its fold on false charges. The union no doubt admitted that the Corporation has taken action against the five workers after managerial enquiries but submitted at the same time that the said enquiries were all sham enquiries in which all the principles of natural justice were violated. If this allegation of the union regarding the enquiry as also its other allegation that the five workers have been victimised for their union activities have been susbtantiated by the evidence on record, certainly the workers will get the reliefs as prayed for in the written statement of the union. Before, however, entering into the merits of the Union's case I should state the law relating to jurisdiction and power of the Tribunalto interfere with the findings made at the domestic enquiry and action taken thereon by the company.

In course of his judgment delivered in the Supreme Court Case of J. K. Cotton Spinning and Weaving Company, Ltd., and its workmen reported in 1965 L. L. J. Vol. II at page 153, Mudholkar, J., observed : "The Industrial Tribunal, while adjudicating upon an industrial dispute referred to it, does not possess the power of reviewing the evidence adduced before the domestic Tribunal or of taking fresh evidence before it except in the limited class of cases to which we have referred in some of our decisions, as for instance, our decision in G. Mackenzie and Co. Ltd., v. its workmen and others (1959 L. L. J. (I) 285)". There at page 289 this Court quoted with approval the principles which govern the power of an industrial tribunal to interfere with the decision of the employer as laid down by this Court in Indian Iron and Steel Co. Ltd., v. their workmen (1958 I L. L. J. 260) S. K. Das, J., said :

> "Undoubtedly, the management of a concern has power to direct its own internal administration and discipline ; but the power is not limited and when a disputes arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal for misconduct the Tribunal does not, however, act as a Court of Appeal and substitute its own judgment for that of the management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimization or unfair labour practice,
>
> (iii) when the management has been guilty of basic error or violation of a principle of natural justice, and
>
> (iv) when, on the materials, the finding is completely baseless or perverse."

It is now well-settled by various decision that if an industrial employee's services are terminated after a proper domestic enquiry held in accordance with the rules of natural justice and the conclusions reached at the enquiry are not perverse, the industrial tribunal is not entitled to consider the propriety or the correctness of the said conclusions. But the said decisions do not mean that the mere form of an enquiry would satisfy the requirements of industrial law and would protect the disciplinary action taken by the employer from challenge. An enquiry cannot be said to have been properly held unless—

(i) the employee proceeded against has been informed clearly of the charges levelled against him,

(ii) the witnesses are explained ordinarily in the presence of the employee in respect of the charges,

(iii) the employee is given a fair opportunity to cross-examine witnesses,

(iv) he is given a fair opportunity to examine witnesses including himself in his defence if he so wishes on any relevant matter, and

(v) the enquiry officer records his findings with reasons for the same in his report. Where the enquiring officer based his conclusions against the concerned workman on the report given by other employees behind the back of the concerned workman without giving copies of such report to him and without making them available for cross-examination at the enquiry, the enquiry must be held unfair. (Sur Enamel and Stamping Works, Ltd., and their workmen reported in 1963 II L. L. J. at page 367). If the enquiries into the charges against the workers concerned satisfy the test of fair and proper enquiry as laid down in the Sur Enamel and Stamping Works Ltd., case just referred to and the union's allegation of victimisation be not found established by the evidence on record, this Tribunal will have no power to interfere with the actions taken by the management against the workers even if vis-a-vis the offences committed by them, the punishment awarded to them appear severe.

In the light of principles of law relating to the jurisdiction of the Tribunal in such cases as stated above, I will have to consider the case of each of the workers individually and I will start with the case of Haripada Chaudhury.

This Haripada Chaudhury was charge-sheeted on 7th August 1963. The charge-sheet issued to him is Ext. 2(b), and runs as follows:

"Nature of misdemeanour—

On 5th August 1963 at about 18.00 hours you along with Mr. Anil Sarkar, Index No. 61, incited and organised unruly demonstration and showed disorderly behaviour in front of the Labour Family Quarter No. 3 of Shri P. N. Malhotra, our Assistant Security Officer.

You also forcibly broke open the door of the quarter of Shri P. N. Malhotra and after forcing entry into his quarter you abused and manhandled Shri Malhotra.

Your above actions amount to:

(i) Riotous, disorderly behaviour, threatening, intimidating and assault to the employee of the Company in the Estate having subversive effect of the factory discipline.

(ii) Irresponsible Act resulting in damage to the company's property.

(iii) Insult to superior.

(iv) Acts subversive of discipline."

By letter, dated the 8th August 1963, Ext. J(9), Haripada Chaudhury denied the charges. As this reply of Haripada Chaudhury was not found satisfactory an enquiry into the charges against him was ordered and the said enquiry was held by Shri Satya Gopal Das, Assistant Personnel Officer of the company, Agarpara Division, examined as D.W.1 in the case. After completing the enquiry Shri Das gave his report and findings marked Ext. D/1 in the case. He found Shri Chaudhury guilty of all the charges brought against him in the charge-sheet marked Ext. D/1 and on his findings the management dismissed Shri Chaudhury from service.

In the said enquiry Shri P. N. Malhotra, Shri Nathuni Roy, Shri G. C. Kasyapa, Shri G. D. Gaur, Shri B. N. Kausik and Shri Dilip Singh were examined as witnesses on behalf of the enquiry and it will appear from the report Ext. D(1) that all these witnesses were cross-examined at length by Shri Ananta Chakraburty, Shri Chaudhury's representative at the enquiry. Several witnesses were also examined on behalf of Shri Chaudhuri. Shri Chaudhuri's assertion that the enquiry has offended the principles of natural justice inasmuch as he was not given reasonable opportunities to cross-examine company's witnesses as also to lead evidence in support of his defence, cannot in these circumstances, be upheld. Still, however, I cannot say that the enquiry was fair and proper as it is quite evident from Ext. D(1) that the findings given at the enquiry were not the findings of an impartial officer but were of an officer baised against Shri Haripada Chaudhuri from before the enquiry. It has already been said that in the enquiry several witnesses were examined in support of the defence taken by Shri Haripada Chaudhuri but all of them including Shri Haripada Chaudhuri have been disbelieved by the Enquiry Officer mainly because in the case Shri Haripada Chaudhuri sought to make out at the enquiry through the evidence of these witnesses and himself, was not stated in his reply Ext. J(9) to the charge-sheet issued to him by the company. In this reply he has not only denied all the charges but has also stated that the charges framed against him were not correct, but were misrepresentation of facts and full of conspirary. By the charge-sheet Ext. 2(b) issued to him, Shri Chaudhuri was asked to show cause within 24 hours of the service of the charge-sheet as to why strong disciplinary action would not be taken against him for the misdemeanours mentioned in the charge-sheet said to have been committed by him on 5th August 1963. This charge-sheet to Shri Haripada Chaudhuri originated in Ext. J(7), a written complaint of Shri P. N. Malhotra, Assistant Security Officer of the company to the Security Officer on the 5th August 1963, and it is nobody's case that a copy of this written

complaint was annexed to the charge-sheet issued to Shri Haripada Chaudhuri. In this view of the matter it was not only not necessary but also not possible for Shri Haripada Chaudhuri to controvert in his reply to the charge-sheet. Shri Malhotra's allegations against him as contained in this written report; nor was it incumbent on him to mention in his reply to the charge-sheet his case relating to the incident between him and Shri Malhotra on the 5th August 1963 as stated by him before the Enquiry Officer. By the charge-sheet he was required to submit explanation regarding alleged assault on ShriMalhotra and insult to him as also riotous and disorderly behaviour on the 5th August 1963. If, therefore, Shri Chaudhuri has not actually committed any of these offences as has been stated by him before the Enquiry Officer, Ext. 2(f) was a proper reply to the charge-sheet and he was not required to state therein his own version of the incident as stated by him before the Enquiry Officer. Moreover, if we consider that on the date of the reply a criminal case at the instance of the management over the written complaint of Shri Malhotra was pending against Shri Chaudhuri, no fault can be found with him for not mentioning in his reply his case regarding the incident of that date between him and Shri Malhotra. Only at the risk of informing the management his defence in the Criminal case before the actual trial of the case, could he state in his reply his version of the incident of that date and no man with ordinary commonsense figuring as an accused in a Criminal Case will disclose to the complaint of the case before the trial begins,his defence in the case. In this view of the matter, it must be said that the Enquiry Officer was not justified to draw against Shri Chaudhuri an adverse inference from his omission to state in his reply the plea he had taken before him during the enquiry. The Enquiry Officer has no doubt said before this Tribunal that he had no knowledge about the Criminal Case before or during the enquiry but this statement can hardly be believed if it be considered that at the material time he was the Senior Labour Officer of the company at Agarpara. At pages 10 to 12 of the report Ext. D(1), the Enquiry Officer has discussed the evidence of Shri Haripada Chaudhury before him. After narrating Shri Haripada's evidence at pages 10 and 11 he observed at page 12: "By giving the above statements he distorted the facts. He did not mention the above things in his written reply to the charge-sheet. Although Shri Sannaysi Ghosh said that he was talking to Shri Chaudhury on the road, but he also said that somebody from the shop of Shri Chaudhury reported to him something and after hearing that he went towards Shri Malhotra's quarters. Shri Chaudhruy did not say any such thing in his statement before the enquiry. The above clearly indicates that he knew about the incident." I am specially referring to these lines of the report only to indicate the bias of the Enquiry Officer against Shri Haripada Chaudhury from before the enquiry. The incident as referred to in these lines of the enquiry report was the incident referred to by Shri Malhotra in his written complaint (Ext. J/7) as also in his evidence before the Enquiry Officer the allged slapping of Haripada's son by Shri Nathuni Roy, a durwan and a witness of the company, prior to the misdemeanoursby Shri Haripada Chaudhury as set forth in the chare-sheet. In his evidence before the Enquiry Officer Shri Haripada Chaudhury has said that he did not know that his son had been beaten by the durwan. But this statement was disbelieved by the Enquiry Officer and he attributed to him the knowledge of the incident because of the reasons given by him in the lines of his report quoted above. We had, however, I should say, no justification to draw such a conclusion against Shri Chaudhury from the evidence of Shri Sannyasi Ghosh and I hold that he had drawn the conclusion as otherwise it would have been difficult for him to make out a consistent case against Shri Haripada Chaudhury. It was the positive case of Shri Malhotra that after the durwan Nathuni Roy had given Shri Haripada Chaudhuri's son a slap, Shri Chaudhuri along with others had rushed into his quarters and assaulted and insulted him and behaved in a riotous and disorderly manner and the Enquiry Officer had concluded that Shri Haripada Chaudhury had knowledge of the incident though he had no materials to make any such conclusion as otherwise it would not have been possible for him to accept Shri Malhotra's case before him for enquiry. He has also completely ignored Haripada's case before him mainly on the ground that no such case was made out in his reply to the charge-sheet, but I have already commented that ommission to make out such a case in reply was no ground for disbelieving his evidence at the enquiry. He has also disbelieved Haripada and his witness's statement as they were contradictory to the evidence of company's witnesses before him. But no sufficient reason he has given in his report for his accepting the evidence of company's witnesses in preference to that of Haripada and his witnesses. In his report the Enquiry Officer has critically tested the evidence of the defence witnesses including Haripada. But he has not analysed the evidence of a single witness of the company as he has done in the case of the defence witnesses. Reading the report as a whole one gets the impression that the Enquiry Officer has started his findings with the pre-conceived idea that what the company's witnesses had said before him were all gospel truth and the evidence led by Haripada Chaudhury was absolutely false and I am convinced that he has approached the charge not with an open and impartial mind but with a mind obsessed with the guilt of Haripada. In other words, he had aproached the charge not like a fair-minded Enquiry Officer but as an officer determined to find him guilty at any cost whatsoever. In support of these observations I may also refer to the penaltimate paragraph of page 13 of his report which paragraph indicates that to find Haripada guilty of the charges he had to twist the evidence of his witness Shri Ashim Mukherji. In this paragraph the enquiry officer has stated : "Even after the incident when Shri Chowdhury was at his shop and Shri B. S. Sidhu went there. When enquired about the incident, Shri Chowdhury's attitude was hostile and he said Shri Sidhu that he had done the right thing and Shri Sidhu could do anything he liked. Shri Ashim Mukherji, ewitness of the accused also testified the above." In his vidence before the Enquiry Officer Shri Mukherji has no doubt stated that Shri Chowdhury had said to Shri Sidhu that whatever he liked he could do. This he stated not in the context of what Shri Sidhu had said before the Enquiry Officer but under different circumstances as will appear from his evidence before the Enquiry Officer. The enquiry cannot in these circumstances be held to be a fair and proper enquiry even though Shri Chowdhury was given opportunities to cross-examine the company's witnesses and to lead evidence in support of his own case. Even if for argument's sake it be conceded that the enquiry by Shri Das

was a fair and proper enquiry, still the dismissal of Shri Chowdhury on the findings of Shri Das cannot be upheld as the conduct of the management and Shri P. N. Malhotra, Assistant Security Officer of the company, and the complainant Haripada Chowdhury's case and Shri Sidhu, an important witness in the enquiry against Shri Chowdhury subsequent to the charge-sheet demonstratively proves that the dismissal was a clear case of victimisation and unfair labour practice.

In an earlier part of this award I have indicated that the charge-sheet against Haripada Chowdhury has originated in the written complaint of Shri Malhotra marked Ext. J(7) in the case. It is not disputed that on the self-same allegations as contained in this exhibit, a criminal case being case No. G. R. 2860 of 1963 (State vs. 1. Haripada Chowdhury, 2. Anil Sarkar. Belgharia P.S. Case No. 8, dated 5th August 1963, under sections 147/448/323, I.P.C.) was atarted on 5th August 1963 in the Criminal Court at Barrackpore. On the 6th August 1963 Shri Haripada Chowdhury also filed a petition of complaint in the Court of S.D O., Barrackpore, for a proceeding under section 107, Cr. P. C., against Shri P. H. Malhotra and Shri S. Sidhu alleging inter alia that Shri Malhotra and Shri Sidhu, the two opposite parties in the case, were threatening to dismiss him from service and had also on the 5th August 1963 raided his cloth shop to assault him and also to set fire to the shop as he had protested to the assault on his son by the two opposite parties on 5th August 1963 [vide Ext. 4(d)]. This petition of complaint of Shri Chowdhury was sent to the Police for report and it appears from Ext 4(a) (order sheet of the 107, Cr.P.C case by Haripada Chowdhury) that after Police report the learned Magistrate had asked both the opposite parties to show cause why they should not be ordered to execute a bond of Rs. 1,200 with two local sureties of Rs. 600 for keeping peace for a period of one year In pursuance of the order Shri Malhotra and Shri Sidhu appears before the learned Magistrate, and got themselves released on bail, and the 5th February 1964 was fixed for evidence of the first party. In the other criminal case over the allegations as mentioned in Ext. J/7 the two accuseds—Shri Chowdhury and Shri Sarkar appeared and were released on bail. They were, however, both acquitted on the 11th August 1964 before charge, as the learned Magistrate Shri Das to whom the case was transferred for trial and he was of the opinion that there was no evidence to warrant a conviction of the accused persons It will appear from this order on the 11th August 1964 (Ext. 4) that the Magistrate has acquitted the two accused as the only P. W. examined in the case prior to that date was not tendered for cross-examination and the other P Ws. also did not turn up. This order-sheet thus conclusively proves that on the 11th August 1964 the management or for the matter of fact the complainant Shri Malhotra was not serious to pursue his criminal case against Shri Chowdhury and Shri Anil Sarkar. Not only that they had also in the meantime compromised the proceedings under section 107, Cr P.C. case against them with Haripada Chowdhury and got the said proceedings dropped on the distinct understanding that Haripada Chowdhury would be reinstated within a month of the petition of compromise and the order of termination of service of Shri Haripada Chowdhury would be withdrawn. The petition of compromise was dated the 4th April 1964 [Ext 4(c)] and reads as follows: "That both the parties have settled the matter between themselves. As regards the termination of service of the 1st party Haripada Chowdhury the 2nd party have considered the matter. It has been decided that the 1st party Haripada Chowdhury shall be reinstated within a month and the order of termination of service of Shri Haripada Chowdhury shall be withdrawn The 1st party has been satisfied with such assurance and undertaking." [Vide Ext. 4(c) of the petition of compromise]. Neither Shri Malhotra, nor Shri Sidhu however kept the undertaking given by them in the 107,Cr.P.C. proceeding and the company contented that as it had never anthorised any of these two officers to give any such undertaking for reinstatement of Shri Chowdhury, the undertaking given by the officers is not binding on it and Shri Haripada Chowdhury cannot on the basis of the undertaking ask for reinstatement. Undoubtedly, this argument of the company considered from legal standpoint is sound and must be accepted as there is no evidence indicating that the company has ever authorised Shri Sidhu or Shri Malhotra to give any such undertaking in the criminal case but social justice demands that the company should follow the undertaking given by its two senior officers responsible for the termination of service of Shri Haripada Chowdhury to save their faces in the criminal case by Shri Haripada Chowdhury. Even if the undertaking given by Shri Malhotra and Shri Sidhu in the petition of compromise cannot be forced on the management and Haripada Chowdhury cannot be reinstated on the undertaking, still the management cannot avoid reinstatement of Haripada as the undertaking given by these two officers in Hari pada's case and the latter's and Shri Anil Sarkar's acquittal in the Criminal Case on the self-same allegations as contained in Ext. J(7) were not only inconsistent with the allegations as made by Shri Malhotra in Ext. J(7) but were rather more in favour of Haripada's version of the incident of 5th August 1963 between him and Shri Malhotra. If the management had not authorised Shri Malhotra or Shri Sidhu to give the undertaking of Haripada's reinstatement in the 107, Cr. P C. case as was contended before me by the company, certainly on the day the petition of compromise was filed, Shri Malhotra and Shri Sidhu, respectively Assistant Security Officer and Security Officer of the Company, knew that they had no authority to reinstate Haripada in service and that they were securing their unconditional release in the 107, Cr. P.C. case by giving Haripada the false hope of reinstatement. If the contention of the company was correct, these two officers had given the undertaking knowing fully well that they would never be able to keep the undertaking. They had thus secured their release in the 107, Cr. P.C. case by practising fraud and deception on Haripada Chowdhury, but there would have been necessity for them to practice such a fraud on Shri Chowdhury if the latter's incident on the 5th August 1963 was false and Shri Malhotra's version was true The compromise petition filed in the 107, Cr. P.C. case and the acquittal of Haripada and Shri Anil Sarkar in the Criminal Case against them for want of evidence, conclusively prove the falsity of the allegations made by Shri Malhotra in Ext. J(7) and I have not the slightest hesitation to conclde that Shri Malhotra had got Haripada charge-sheeted on false allegations and subsequently got him dismissed from service on the same allegations with the help of Shri Sidhu who was accused with him in the 107, Cr. P.C. case

and some other officials of the company as he was a member of Texmaco Engineering Employees' Union that started pressing for six months' basic wages as bonus for 1961, shortly after it was formed, and also because he had the audacity to protest against the assault on his son by Shri Malhotra and also to approach the Police for taking action against him and Shri Sidhu for the assault on his son and also for their intimidating him with assault and destruction of his cloth shop. Shri Chaudhury's dismissal from service was thus a clear case of victimisation and he is accordingly entitled to be reinstated even if the enquiry into the charges against him was fair and proper. But I have already held that the enquiry was not a fair and proper enquiry and have given reasons for the findings. Non-supply of Shri Malhotra's written complaint to the Security Officer, which complaint was the basis of the charge-sheet against Haripada, is also another ground for holding that the enquiry has violated the principles of natural justice. The Enquiry Officer D.W.1 Shri Satya Gopal Das has no doubt said at page 10 of his cross-examination that he had explained to Haripada the contents of the complaint, but this cannot be believed as his own record of the proceedings, does not bear out this statement.

In view of the foregoing discussions and findings regarding the enquiry and the charges against Haripada, an award for reinstatement must be given in favour of Haripada.

Next, I pass on to the case of Shri Sukumar Das, Subimal Das alias Nikhil Das and Sohrab, of whom Sukumar and Subimal were dismissed from service and Sohrab suspended for 30 days on a charge of assault on one Gorak Nath Tewari, a worker in the company's factory on 3rd October 1963 after a domestic enquiry held by D.W. 3 Shri H. D., Assistant Personnel Officer of the company at the material time. The charge-sheet as issued to Sukumar Das, a worker of Maintenance Department, was as follows:

"Nature of misdemeanour—

On 3rd October 1963 at about 3-50 p.m. you along with Shri Subimal Das alias Nikhil and Shri Sohrab assaulted Shri Goraknath Tiwari by giving 5 to 6 fist blows on the jaw and stomach, etc.

Remarks: Your above actions amount to—

(*i*) Assault.
(*ii*) Indecent behaviour.
(*iii*) Commission of an act subversive of discipline.
(*iv*) Furtherance of the above acts.

And are misdemeanour under sub-clause 2 (17, 18, 19 and 42) of Appendix 'D' of the company's Standing Orders."

Similar charge-sheet was also issued to Subimal Das and Sohrab

All the three workers—Sukumar Das, Subimal Das and Sohrab Hossain denied the charge of assult on Gorak Nath Tiwari by their letters respective marked Exts. 3(e), 3(f) and 3(d), and in their letters Sukumar Das and Subimal Das also complained that on the 3rd. October 1963 at about 3-55 p.m., Gorak Nath Tiwari had filthily abused Subimal Das in the latter's department over realisation of union's subscription and had pushed him as also Sukumar Das as they had protested against his conduct and then gone away. In these letters they also stated that they had that very date orally reported the incident to their Foreman Gurjit Singh and had subsequently given him a written report but unfortunately for them no enquiry was made on that complaint and instead, false charges have been brought against them. As the replies of none of these workers were found satisfactory and enquiry was ordered and the said enquiry was held by D. W. 3 Shri Basistha. Ext. D is the enquiry report with findings of Shri Basistha and Ext. E is his record of the enquiry proceedings. From the enquiry proceedings it appears that several witnesses were examined on behalf of the company and some on behalf of the union, and that witnesses examined on behalf of the company were cross-examined on behalf of the delinquent workers. After perusing the evidence of the witnesses examined before him by the company and the workers, the Enquiry Officer found all the three workers guilty of the charge of assault on Gorak Nath Tiwari. On these findings of the Enquiry Officer, Subimal alias Nikhil and Sukumar were dismissed from service and Sohrab suspended for 30 days. Union on behalf of the three workers, is now contending that the dismissal and suspension was unjustified as the enquiry was not fair and proper, but was only a sham enquiry in which all principles of natural justice were violated. If this allegation of Union regarding the enquiry be found substantiated, by the materials on record, then I will have to sift and analyse the evidence led by the company before this tribunal to find out whether the charge of assault on Gorak Nath Tiwari against these three workers brought by the company has been substantiated.

I have already stated that before the Enquiry Officer Shri Basistha, the company had examined severae witnesses to establish its charge of assault on Gorak Nath Tiwari by these three workers— Subimal, Sukumar and Sohrab Hossain and these witnesses were Shri M. N. Chaudhury, Gorak Nath Tiwari, Dr. Sen Gupta, Medical Officer of the company, Shri Gorak Prasad and Shri Mati Lal. In support of the plea of not-guilty taken by the concerned workers, besides the three workers themselves, were examined Shri A.K. Sarkar, Shri Nabi Hossain and Shri Anil Goswami.

It will, however, appear from the record of the proceedings of the enquiry that at one stage of the enquiry, i.e., at the stage when the witnesses on behalf of the workers were being examined, the enquiry officer had assumed the role more of a prosecutor than of a judge and that in my opinion has vitiated the enquiry. Sukumar and Subimal were cross-examined both by Gorak Nath Tewari as also by the company's representatives at the enquiry, but thereafter they were minutely

cross-examined at length by the Enquiry Officer himself obviously with the idea of finding fault with their case as presented by them before him. In course of his lengthy and meticulous cross-examination of Subimal and Sukumar, the Enquiry Officer respectively asked Subimal and Sukumar the following questions:

"(To Subimal)—Is it not a fact you gave your report to Shri Gurdit Singh on the evening of 4th October 1963 as stated in the Chief Plant Engineer's letter which has been exhibited before me yesterday by Shri M.L. Chaudhury?"

"(To Sukumar)—Is it a fact that you were offered one letter, dated 5th October 1963, signed by C.P.E. in reply to your complaint but you refused to accept it personally in presence of Shri A. K. Mukherji of P.F. Department."

These questions which were answered in the negative by both the workers had reference to the workers' case that they had complained to their Foreman Gurdit Singh, verbally in the afternoon of 3rd January 1963 and in writing on the 4th January 1963 at 11-30 a.m., against Gorak Nath Tiwari as the latter had on the 3rd January 1963 filthily abused Sukumar in his (Sukumar's) department for his refusal to pay subscription to Gorak Tiwari's Union and had thereafter ran away therefrom after pushing Sukumar and Subimal who had in the meantime come there, as they had protested against his conduct but the company had instead of taking any action on their complaint proceeded against them on charge-sheet containing false allegation of assault on Gorak Tiwari and to the company's contention before the Enquiry Officer to the effect that in the afternoon of the 4th January 1963 the workers had given their written complaint to Gurdit Singh but the same complaint had been found to be false on enquiry by the management and the workers had been informed of the result of the enquiry by letters sent under registered post with acknowledgement due and also tendered to them personally. To substantiate this case of the company, Shri M. L. Chaudhuri, its representative at the enquiry, handed over to Subimal when under cross-examination by him a registered letter with acknowledgment due and asked him whether he had received the letter. Submimal answered in the negative and no further question regarding tender of any other letter relating to the enquiry into his written complaint to Gurdit Singh against Gorak Nath Tiwari, was put to him by Shri Chaudhuri, but still the Enquiry Officer had asked him in coure of his cross-examination:

"Is it a fact that you were offered personally one letter signed by Chief Plant Engineer in reply to your complaint given to Shri Gurdit Singh but you did not take it." The other worker Sukumar was cross-examined by Shri B.B. Sidhu, a representative of the management, but throughout his lengthy cross-examination he had not put a single question regarding tender of any such letter to him by registered post or otherwise. But he was also asked by the Enquiry Officer in course his cross-examination: "Is it a fact that you were offered a letter, dated the 5th October 1963, signed by C.P.E. in reply to your complaint, but you refused to accept it personally in presence of Shri A.K. Mukherji of P.F. Department." I have perused the proceedings of the enquiry but I have not come across a single line indicating tender of any such letter to Sukumar in presence of Shri A. K. Mukherji and I am of opinion that it would not have been possible for the Enquiry Officer to put the question to Sukumar had he not been in the meantime briefed by the company to put such a question on the basis of the letter whose copy is Ext. A/1 in the case. This A.K.Mukherji was not examined before the Enquiry Officer; nor is there anything in the proceedings indicating that this Ext. A/1 was produced before the Enquiry Officer. The proceeding itself also does not contain any material to justify the Enquiry Officer's question to Subimal in cross-examination whether he was personally offered one letter signed by the Chief Plant Engineer in reply to his complaint to Gurdit Singh, and he had not accepted the same. Obviously this question to Subimal was based on the copy of the letter marked Ext.A(2) in the case but as in the case of Ext. A/1, copy of letter to Sukumar, the proceeding is completely silent regarding this letter Ext. A(2) and there was no reference to any such letter to Sukumar or Subinal in the evidence of any of the witnesses examined on behalf of the company. In course of his discussions regarding the complaint of the two workers to Gurdit Singh, in his findings in the enquiry, the Enquiry Officer observed: "Mr. Ujagar Singh, the Chief Plant Engineer, has written in his letter, dated the 5th October 1963, that the note (meaning written complaint) was given in the evening of the 4th October 1963 and he was also informed about the letter under reference that after holding a preliminary enquiry it was revealed that the allegations against Sukumar were false and baseless. This letter was offered to Nikhil and Sukumar in the presence of Shri A. K. Mukherji of Provident Fund Department, but they refused to accept. Subsequently it was sent by registered post but both Shri Subimal alias Nikhil and Shri Sukumar refused to take it, and it was re-returned. (Undelivered letters are enclosed and will form part of the proceedings.)." If these observations of the Enquiry Officer were correct, registered letter shown to Shri Subimal by Shri Chaudhury during his cross-examination was certainly sent after the tender of the letter Ext. A/2 to him personally and his refusal thereof, but not a single question regarding this letter Ext.A(2) was put to him by Shri Chaudhury in cross-examination and I am satisfied that the Enquiry Officer's question regarding this letter to Subimal and his observations relating thereto in his findings were based not on the materials produced before him as the enquiry but on informations supplied to him by the company behind the back and without the knowledge of the concerned workers. In his evidence before thit tribunal the Enquiry Officer Shri Basistha has said thain the enquiry he had considered the complaint, charge-sheets and the workers' replies thereto as also two letters produced before him. The two letters referred to by Shri Basistha in his evidence were not the letters marked Exts. A/1 and A/2 but were some other letters, might be the registered letters said to have been sent to Subimal and Sukumar in connection with the complaint to Gurdit Singh against Gorak Nath Tiwari. These registered letters of which one was shown to Subimal by Shri

Chaudhuri in course of his cross-examination were not, however, made part of the proceedings as will be apparent from the proceedings itself and what the contents of those letters were, nobody can also say from the proceedings itself. As Shri Chaudhuri's cross-examination of Subimal was recroded it can be said that to Subimal he had shown an envelope letter sent under registered post but there is nothing in the proceedings or in the findings of the Enquiry Officer indicating the contents of the letters inside the covers or that the letters were brought out from inside the covers.

In this view of the matter it can be said that the Enquiry Officer had not before him any material to substantiate the company's contention that letters intimating the two workers the fate of the complaint to Gurdit Singh against Goraknath Tiwari had been sent to them under registered post and also tendered to them personally but they had all been refused by them. The Enquiry Officer's observation in his finding that the Chief Plant Engineer's letters intimating them that on enquiry their allegations against Gorak Nath Tiwari had been found to be false, had at first been tendered to them personally and subsequently sent under registered post for their refusal of the tender, were thus, not based on materials available to him at the enquiry but were based on informations supplied to him by the management outside the enquiry without the knowledge of the concerned workers and this circumstance also vitiates the enquiry. The Enquiry Officer's findings was also perverse in as much as he has given the findings without ascertaining the truth or falsity of the concerned workers complaint to Gurdit Singh against Gorak Tiwari. That these workers had in fact, given Shri Gurdit Singh a written complaint against Gorak Tiwari has been admitted by the company but it submitted that the workers had given this written complaint to Gurdit Singh on the 4th January 1963 after Gorak Nath Tiwari had already complained on of assault on him by these two workers Subimal and Sukumar with the help of Sohrab to Shri M.L.Chaudhuri at 4-15 p.m. of that day but neither Gurdit Singh nor any other witness competent to establish this contention of the company was examined before the EnquiryOfficer, nor any document barring the registered letter shown to Subimal by Shri M.L. Chaudhuri, produced and it has already been indicated above that the proceedings of the enquiry officer does not indicate the contents of the registered letter. The Enquiry Officer had, therefore, no material to throw out the complaint of assault on Subimal and Sukumar by Gorak Nath Tiwari, but still he has totally ignored the complaint to find the three workers guilty of the charge of assault on Gorak Tiwari. The original complaint of these workers to Gurdit Singh was produced before the Enquiry Officer but for reasons best known to the company, the said complaint has not been produced before this Tribunal as part of the proceedings of the enquiry. With reference to this written complaint, several questions were put to Sukumar by the Enquiry Officer during his cross-examination. The written complaint was thus a very relevant and important document in this case, but the company has withheld it from the Tribunal and I should say intentionally, might be the company has not produced it as it knew that if produced, it would not have substantiated its contention that it had reached Gurdit Singh in the afternoon of the 4th January 1963 but would have supported the workers' case of its delivery to Gurdit Singh at 11-15 a.m. of that day. Whatever might have been the reasons for company's non-production of the complaint before this tribunal, the established fact remains notwithstanding company's averments to the contrary in these letters marked Exts. A/1 and A/2 that the company has issued the charge sheet to the 3 concerned workers—Sukumar, Subimal and Sohrab without making any enquiry whatsoever into Sukumar and Subimal's written complaints of assault by Gorak Tiwari, to Gurdit Singh. No doubt in Exts. A/1 and A/2 company's copies of letters said to have been issued to Sukumar and Subimal under the signature of Chief Plant Engineer it has been stated that their allegations against Gorak Nath Tiwari to Gurdit, had been found false on enquiries but this case of the company cannot be believed as there is no iota of direct evidence on company's side regarding the time of delivery of these complaints to Gurdit Singh, either before the Enquiry Officer or before this tribunal. Gurdit Singh was the most competent witness to substantiate the company's case of delivery of complaints to him in the afternoon of the 4th January 1963 but he was not produced before the Enquiry Officer. No other witness competent to prove the delivery was also examined on behalf of the company and, as a matter of fact, none of the witnesses examined on behalf of the company before the Enquiry Officer has said any word regarding the delivery of these written complaints to Gurdit Singh. As regards the enquiry itself also there was no evidence before the Enquiry Officer. The two workers—Sukumar and Subimal were cross-examined at length but to none of them put any question regarding the enquiry into the written complaint was put. Enquiry, if any, held, into their allegations, was held in their absence but as evidence was led before the enquiry officer I doubt whether any enquiry was at all made. Company's assertion in Exts. A/1 and A/2 that it had made an enquiry into the written complaint of Sukumar and Subimal cannot in these circumstances be believed and I am satisfied that the company had issued charge-sheets to them without any enquiry whatsoever into their written complaints against Gorak Tiwari. The workers—Sukumar and Subimal have alleged in their written explanations to the charge-sheets issued to them that they have been falsely charge-sheeted on the complaint of Gorak Tiwari as they had on the previous day, viz., the 3rd January 1963 complained against him to their Foreman Gurdit Singh but it is curious to note that the Enquiry Officer had found them guilty without caring to ascertain the truth or otherwise of the allegations against Gorak Nath Tiwari. For this reason his finding of guilt was perverse. As evidence was led before him by the company it was not possible for him to give any findings regarding his complaint. Company did not produce before him Exts. A/1 and A/2 and only produced registered letters with Acknowledgment Due said to have been issued to Sukumar and Subimal. According to the enquiry officer's proceedings these letters were not served and the proceedings do not indicate that the letters were opened and the contents brought out. It was not therefore possible for the enquiry officer to know the contents of the letters inside the covers and I am constrained to observe that he had not before him any material on which to overrule the workers' contention of assault on them by Gorak Tiwari on the 3rd

January 1963. When, therefore, the Enquiry Officer has given his findings without considering the motive suggested by the workers for Gorak Nath Tiwari's falsely implicating them on charges of assault, the enquiry officer's findings was nothing but perverse. The Enquiry was also not fair and proper in as much as the workers were neither supplied copies of Exts. A/1 and A/2 and Gorak Tiwari's complaint to Shri Chaudhuri nor given any inspection thereof before or during the enquiring.

The Enquiry Officer has not also conducted the enquiry with an impartial mind. His lenghthy cross-examination of Sukumar and Subimal only indicates that he was about to crush the defence taken at the enquiry and to fill up the gaps and lacuna in the conduct of the company's case before him. For these reasons also the enquiry has offended the principles of natural justice.

In view of the foregoing discussions regarding the enquiry it must be held that the enquiry into the charge-sheet against these 3 workers—Sukumar, Subimal and Sohrab was not fair and perverse. If, therefore, the evidence led by the company before this tribunal is not sufficient to make out the charges as brought against these three workers, the disciplinary action taken against them by way of dismissals and suspension must be interfered with by this Tribunal and Subimal and Sukumar reinstated to the position they were holding on the day they were dismissed. Before this Tribunal company examined several witnesses but none of them was a witness to the incident mentioned in the charge-sheet against these workers. Even Gorak Nath Tiwari was not examined to substantiate the complaint of assault. On the evidence led by this company before this tribunal, the three workers cannot be found guilty of the charges brought against them. Their dismissals/suspension must, therefore, be set aside and Sukumar and Subimal be reinstated to service with all wages and allowances since their dismissal and Shri Sohrab be allowed full wages for the period of suspension. Before closing the discussions of the case of these three workers I must say that they have been victimised as they were members of the union mentioned in the order of reference, and the union started agitating for six months' bonus for 1962 shortly after its formation Gorak Tiwari, the worker on whose complaint these three workers were charge-sheeted, is a member of the old union and the differential treatment in between his written complaint and that of Sukumar and Subimal, only indicates that the company was antagonistic to the new union and its members and was in favour of the workers of the old union and has for this reason charge-sheeted the workers under consideration. In short, the prosecution of these three workers on the complaint of Gorak Nath Tiwari was in the opinion of the Tribunal, motivated by a spirit of victimisation for their being members of the union agitating for six months' bonus for 1962.

Next, I pass on to the case of Ram Naresh suspended with effect from the 20th September 1963 after a domestic enquiry on the charge-sheet marked Exts.1(4) in the case, which reads as follows :

"Nature of Misdemeanours : As draft casting bush is a new job and work study was required for the above job on Ward Combination Turret Lathe No. 10. You were asked by your superior on 21st July 1963 and 22nd July 1963 at about 12-30 p.m. and 9 a.m. respectively to do drilling and turning Jobs of the above component simultaneously which are possible for every operator to do (drilling 2 1/2 "Dia. hole and turning 2 7/8" outside dia) but you refused to do the same without any valid reason. You were advised by your superior for the above operating to put speed 118 R.P.M. and Feed 176 cuts per inch of the above machine but you disobeyed to carry out the same although it was possible for you to put the said machine on the above speed and feed.

Remarks : Your above actions amount to—

Disobedience of any lawful and reasonable order of a superior.

And are misdemeanours under sub-clause 2(1) of Appendix 'D' of the Company's Standing Orders."

Ram Naresh's reply to charge-sheet was Ext. J/4 and his reply was that on any of the days mentioned in the charge-sheet he had not refused to comply with the direction of works as given by his superior. This reply of Ram Naresh was not found satisfactory and an enquiry was ordered and the said enquiry was held by D.W.1 Satya Gopal Das, Senior Labour Officer of the company at Agarpara at the material time. In this enquiry was examined on behalf of the company Surath Singh, Foreman of Machine Shop, under whom Ram Naresh was working on the material dates and Shri H. K. Somani, Industrial Engineer of the company. They have both in their statement before the Enquiry Officer testified to the facts as alleged in the charge-sheet. Notwithstanding the evidence of these two witnesses prima facie supporting the allegations as contained in the charge-sheet against Ram Naresh I hold that the management was not justified to suspend Ram Naresh on the Enquiry Officer's findings mainly passed on the evidence of these two witnesses as in my opinion, the enquiry has grossly violated the principles of natural justice and the findings also was perverse.

The charge-sheet to Ram Naresh originated in a written complaint of Surath Singh against Ram Naresh on the 22nd July 1963 to the Senior Labour Officer of the company. This complaint which is Ext. A/5 reads as follows :

"Ref : Ram Naresh. T.No. 2223, Setter Operator, Ward 10 Lent Shed. Please note that a new Item has been started on Ward 10 for which it is necessary to do time study. But the abovementioned worker does not listen to our instructions and works in his own way. This has resulted in loss of production for this machine, Assembly of wagons is held up for the want of this item. Kindly do the needful. Mr. Somani, Time Study Engineer is the witness.

Surat Singh.
22-2-63."

It is quiteevident from the proceedings of the enquiry as also from the evidence of the enquiry officer himself, viz., D. W.1 in the case that no copy of this complaint was supplied to Ram Naresh before or during the enquiry and this non-supply of copy of the written complaint has, in my opinion, vitiated the enquiry. In support of this observation I may rely on the case of Sur Enamel and Stamping Works Ltd. referred to above already. The Enquiry Officer has no doubt said in his evidence before this tribunal at page 7 of its cross-examination that he himself had not given Ram Naresh any copy of the complaint but had shown it to him. As an explanation for his non-supply of copy of the complaint to Ram Naresh before cross-examination of the company's witnesses the Enquiry Officer made the voluntary statement that it was not necessary for him to give Ram Naresh any copy of the written complaint as the allegations in the written complaint were all contained in the charge-sheet to Ram Naresh. That this voluntary statement of this witness was far from correct, will be obvious if the charge-sheet and the written complaint be read side by side. This written complaint did not mention what instructions of Surat Singh were violated by Ram Naresh on 21st July 1963 and 22nd July 1963 though in the charge-sheet it was alleged that he had been asked by Surat Singh to do drilling and turning jobs of Ward Combination Tarret Lathe No. 10 simultaneously. Then again, though in the written complaint it was stated that Ram Naresh's non-compliance with the instructions given by Surat Singh has resulted in loss of production for the Machine Shop no such allegation was contained in the charge-sheet issued to Ram Naresh. Enquiry Officer was, therefore, definitely wrong when in cross-examination he stated that he had not considered it necessary to give Ram Naresh any copy of the written complaint as the allegations therein were all contained in the charge-sheet to Ram Naresh and I hold that for the non-supply of copy of the original written complaint on which was issued the charge-sheet to Ram Naresh, before the enquiry or at least before the cross-examination of company's witnesses, the enquiry has violated the principles of natural justice. Not only no copy of the complaint was supplied but copy of production slip produced by Surat Singh in course of his statements before the Enquiry Officer, was not also supplied to Ram Naresh before or at any stage of the enquiry. The production slip produced by Shri Surat Singh no doubt was not with reference to the charge-sheet dates but was with reference to some other subsequent date but still before taking this document in evidence the Enquiry Officer should have given him a copy of it to Ram Naresh or at least given him inspection thereof before calling on him to cross-examine Surat Singh but he did nothing. of that sort. He no doubt said in his evidence that he had showed the production slip to Ram Naresh but this statement of the Enquiry Officer, I cannot believe, as the enquiry proceedings itself do not indicate that this slip had been shown to Ram Naresh as stated by the Enquiry Officer. It is true that this production slip was not with reference to the charge-sheet dates but still when it was produced by Surat Singh in course of his evidence before the Enquiry Officer, to justify the company's stand that it was possible for any operator to do drilling and turning jobs of Ward Combination Tarret Lathe No. 10 simultaneously at the speed and feed (drilling 2 1/4" Diameter and turning 2.7/8" outside Diameter), mentioned in the charge-sheet, Enquiry Officer should have in all fairness supplied to Ram Naresh copy of the slip or inspection thereof before asking him or his representatives to cross-examine Shri Surat Singh and he not having done any of these, I hold that the enquiry was not fair and proper. Supply of copy of the slip or tendering slip to Ram Naresh before cross-examination to Surat Singh was all the more necessary as it is clear from Surat Singh's own evidence that the slip was with reference to a date on which somebody else had worked on the combination in the absence of Ram Naresh. Of course, in view of Ram Naresh's case before the Enquiry Officer that on the material dates he had done drilling and turning simultaneously at the speed and feed mentioned in the charge-sheet dates, this production slip of a subsequent date was not of much importance vis-a-vis the charges brought against Ram Naresh but still when the management had produced t hesame to substantiate its charge, against Ram Naresh, the Enquiry Officer should have allowed him copy or inspection thereof and I hold that managements assured of the slip in the enquiry without supplying any copy to Ram Naresh or giving him any inspection thereof before cross-examination of Surat Singh, to substantiate the charge against Ram Naresh not only indicates that the enquiry was not fair and proper but also tends to show that the Enquiry Officer has not given the concerned worker all reasonable opportunities to defend himself.

What was the result of Ram Naresh's refusal to follow the directions as mentioned in the charge-sheet was not, however, mentioned in the charge-sheet but during enquiry evidence on behalf of the management was led to indicate that for Ram Naresh's refusal time study could not be done (vide the evidence of Surat Singh and Shri H.R. Somani before the Enquiry Officer). The written complaint against Ram Naresh, Surat Singh, however did not mention this consequence of the refusal but stated therein that Ram, Naresh's non-compliance with the directions given by him had resulted in loss of production for his Machine Shop. As written complaint was drafted it can be said without slightest hesitation that loss of production was the only consequence of Ram Naresh's refusal to comply with the instructions of Surat Singh. No other consequence can be spelled out from this written complaint but still during the enquiry the management has not led the slightest evidence to establish loss of production on any of the dates mentioned in the charge-sheet. At the enquiry the management tried to establish a different consequence of Ram Naresh's refusal, viz., time study could not be done, and in this it was helped, I must say by the Enquiry Officer himself. In the enquiry Surat Singh was the first witness to be examined on behalf of the company but during his statement before the Enquiry Officer, he did not say of any such consequence as a result of Ram Naresh's refusal but the Enquiry Officer took upon him the responsibility to get the consequence and by his cross-examination of Surat Singh he obtained from him the statement that as a result of the refusal time study could not be made and I am of opinion that no question regarding the consequence could have been put by him if he had not in the meantime be briefed by the management to obtain from Surat Singh by cross-examination, the consequence of the refusal if Surat Singh had not himself in his statements mentioned the consequence and this

conduct of the Enquiry Officer has also in my opinion, vitiated the enquiry. Then again, if such was the consequence of the refusal it would have been mentioned in the written complain and also hinted in the charge-sheet and in my opinion complete absence of any reference to such a consequence as a result of Ram Naresh's refusal in the written complaint only indicates that Surat Singh's statement in reply to Enquiry Officer's question that for refusal time study could not be made was only an afterthought and made with the idea of making out a false case against Ram Naresh. I have already said that in the written comp'aint loss of production was mentioned as the only consequence of the refusal but it is strange to note that during the enquiry company made no attempt to prove the loss of production on any of the days mentioned in the charge-sheets, and I am of opinion that during enquiry the company has made no attempt to establish this allegation of loss of production in the written complaint as it definitely knew that on none of the dates mentioned in the charge-sheet there was loss of production as a result of any act of omission or commission by Ram Naresh. From the complete absence of evidence during enquiry regarding the loss of production on any of those days no other conclusion is possible to be made but the Enquiry Officer has completely overlooked these facts in his findirgs given in the case. As in the written complaint loss of production was mentioned as the immediate consequence of Ram Naresh's refusal to comply with the directions of Surat Singh on the charge-sheet dates and no other consequence was mentioned therein and the company has made no attempt to prove this loss of production during the enquiry, company's allegations that on the material date Ram Naresh was given the directions mentioned in the charge-sheet and that he had intentionally refused to obey the directions cannot be believed and I am of opinion that the company has charge-sheeted Ram Naresh on certain false allegations as he happened to be a member of the union that started agitating for bonus shortly after its formation. The Enquiry Officer's own evidence before this Tribunal definitely shows that the complaint was produced before him during the enquiry but no discussion, not even mention of the complaint, we get in his findings, obviously because he could not on the evidence given before him by the company uphold company's allegation of loss of production as a result of Ram Naresh's refusal as made in the written complaint, and I am of opinion that his completely ignoring the written complaint to give his findings in the enquiry only indicates that he had not approached the charge against Ram Naresh with a fair and open mind. When according to the company's written complaint loss of production was the only consequence of Ram Naresh's refusal to comply with the directions of Surat Singh and during enquiry company made no attempt to substantiate this consequence, no man with ordinary prudence far less the Enquiry Officer himself, could have found Ram Naresh guilty of the charge if he had approached the same with an impartial and open mind. When the alleged effect of an act is not proved or attemped to be proved, the cause given for the effect cannot be believed. Accordingly when the consequence as stated in the written complaint was given up by the company during enquiry, it cannot be believed that there was any refusal on the part of Ram Naresh as stated in the charge-sheet, and I hold that in his zeal to find Ram Naresh guilty of the charge, the Enquiry Officer has intentionally overlooked Surat Singh 's case as stated in the written complaint. His analysis of the evidence was also not fair and impartial. He has refused to believe Ram Naresh's statement before him as the said statements were not according to him consistent with what his other witnesses had stated at the enquiry, but if he had applied the same test to the evidence of the company's two witnesses before him he could not also have believed them. In his evidence before the Enquiry Officer Shri H. S. Somany, Industrial Engineer of the company at the material time stated : "On the 21st July 1963 he (Ram Naresh) refused to operate according to above advice stating that his union leader might be present at the time of time study. I told him to bring his man on the 22nd July 1963 at 9 a.m. On 22nd July 1963 at 9 a.m. myself and Shri Surat Singh went to his machine and asked him to do drilling and turning simultaneously. We told him about his representative but he did not say anything and at the same time he refused to work according to our advice." These statements of Shri Somani were not consistent with what Shri Surat Singh had stated regarding the refusal of Ram Naresh and his evidence as recorded by the Enquiry Officer shows that neither on the 21st July 1963 nor on the 22nd July 1963 Ram Naresh had given any reason for refusing to work according to his directions. Shri Somani's statement that on the 21st July 1963 Ram Naresh had refused to work on the plea that his representative should be present at the time study was, therefore, not correct, but still the Enquiry Officer has believed him though for similar inconsistency in the evidence of Ram Naresh and his witnesses he had disbelieved them all. Before the Enquiry Officer, Ram Naresh did not plead that the component could not be turned and drilled simulteneouly at the speed and feed mentioned in the charge, but his specific case there was that on the dates mentioned in the charge-sheet, Suresh Singh had directed him to operate the component at a speed and feed far in excess of those mentioned in the charge-sheet and that he had refused to follow the direction as in his opinion the condition of the component would not permit its operating at the speed and feed mentioned by Surat Singh. Ram Naresh's further plea before the Enquiry Officer was that on both the dates he had operated the components at the speed and feed mentioned in the charge-sheet. Enquiry Officer refused to believe all these pleas of Ram Naresh. He could not believe Ram Naresh and his witnesses as Ram Naresh had not in his reply to the charge-sheet mentioned that on the two dates he had drilled and turned the components simultaneously. That Ram Naresh had operated the machine at the speed and feed mentioned in the charge-sheet on both the dates, was also admitted by Surat Singh in his evidence before the enquiry but he said that on those two dates Ram Naresh had not done drilling and turning simultaneously. There was thus very little difference between Ram Naresh and Surat Singh's statements regarding the former's operating the machine on the particular dates, the only difference being that whereas Ram Naresh stated that he had turned and drilled the machine simultaneously Surat Singh stated he had done the two jobs separately. If we consider that company had not suffered any loss or damage as a result of Ram Naresh's acts of omission or commission on any of those dates Ram Naresh's case must be believed. If there was really any refusal on the part of Ram Naresh, certainly there was some adverse effect on the company,

but the latter's failure to establish the consequence stated in the written complaint, as a result of Ram Naresh's refusal, tends to indicate that whatever Surat Singh or Shri Somani had said in the enquiry regarding Ram Naresh's refusal to comply with the directions was not correct. As in the enquiry company made no attempt to establish the allegation of loss of production as a result of Ram Naresh's refusal and the loss of production was mentioned as the only consequence of Ram Naresh's refusal in the written complaint, on the basis of the complaint it can be said that on any of the dates company had not suffered any loss or had not been in any way affected by any act of omission on the part of Ram Naresh. Charge-sheet allegation of refusal of work by Ram Naresh cannot, therefore, be believed. Of course during the enquiry company tried to make out a case that time study could not be taken for the refusal but as in making this case company has greatly deviated from the written complaint of Surat Singh, this case was certainly far from true. It might be that for this reason the Enquiry Officer has not also in his findings made any discussion regarding the complaint or the adverse effect of the refusal mentioned in the charge-sheet. Whotever might have been the Enquiry Officer's reason for not discussing the written complaint in his report I am of opinion that his completely ignoring the written complaint in giving his finding in the case has only made the findings perverse.

In view of the foregoing discussions regarding the enquiry relating to the charge against Ram Naresh it must be held that the enquiry was not fair and proper and has also violated the principles of natural justice for the following reasons :—

(1) No copy of the written complaint of Surat Singh on the basis of which the charge-sheet was drawn up or of the production slip produced by the company during enquiry was given to Ram Naresh before or during the enquiry.

(2) Ram Naresh was not also allowed any inspection of the written complaint or the production slip before the enquiry or at least before his cross-examination.

(3) The Enquiry Officer has completely overlooked the written complaint while giving his findings in the enquiry.

(4) His approach to the charge was not fair and impartial.

The enquiry was also bad and improper as it was held by an officer to whom Surat Singh had given the written complaint against Ram Naresh. This written complaint was addressed to Senior Labour Officer and we have from the evidence of D W.1 that at the material time he was the Senior Labour Officer of the company, at Agarpara On this written complaint the following endorsement was made in the name of the Labour Officer by one of the authorities :

"This matter has been discussed with the C T E. Shri Ram Naresh should be suspended with immediate effect and a charge-sheet should be issued. For more information (if require) kindly contact Mr Surat Singh."

This endorsement was written on 22nd July 1963 and on 24th July 1963 the endorsement : "C.T. E.(Bh) advised over the phone on 24th July 1963 not to suspend pending enquiry. 24th July 1963." was made. By whom this endorsement was made is not clear from the endorsement, itself but as the former endorsement was in favour of the Labour Officer, it may be presumed that his endorsement was by the Labour Officer himself but even if it was not, it can be said that from the endorsement, dated 22nd July 1963 that before starting the enquiry, the Enquiry Officer had as Senior Labour Officer of the company at the relevant time, was aware of the management's intention to suspend Ram Naresh for his refusal to obey the instructions as mentioned in the written complaint The endorsement was also suggestive of Enquiry Officer's contacting Surat Singh regarding Ram Naresh's case before the enquiry and in my opinion the enquiry by the Senior Labour Officer already instructed by the superior authority to suspend Ram Naresh and directed by him to contact Surat Singh, the complaint of the case over the charge prior to the enquiry was certainly not fair and proper.

Company's suspending Ram Naresh on the findings of the enquiry into the charge-sheet against him cannot in view of the foregoing discussions and findings be upheld by me and he should be paid his wages for the full period of suspension. I am also of the opinion that he was charge-sheeted on false charges and suspended from service as he happened to be a member of the union pressing for bonus immediately after its formation. In other words, his suspension was an instance of victimisation. Against this company gave Ram Naresh another charge-sheet in August 1963 but this was dropped; but why, company has not explained before me or in its written statement filed in the case, I am, however, satisfied from the background of the first charge that the company had not pressed this charge against Ram Naresh as in the meantime it had in collusion with its Senior Labour Officer at the time, prepared grounds for victimising him for his being a member of the union. The close proximity in between the two charge-sheets against Ram Naresh and the manner in which the enquiry into the first charge-sheet against him was conducted only indicates that the company was out to victimise him at any cost whatsoever and had issued two charge-sheets against him so that in case of its failure to punish him on the first charge it could prosecue him on the second charge to victimise him. Both the charge-sheets were issued with a spirit of victimisation and the second charge was dropped as the company had succeeded in its mission to punish him on the first charge issued to him. Before closing my discussion of the charge against Ram Naresh I must say that the evidence adduced by the company before this tribunal, does not make out any case for his suspension on the charge-sheet issued to him.

In view of the findings and discussions made above, on the charge-sheets against all the concerned workers and enquiries relating thereto it must be held that the dismissals of Sarbashri Haripada Chaudhury, Subimal and Sukumar and the suspension of Shri Sohrab and Shri Ram Naresh were all illegal and unjustified and that all these workers have been victimised for their being members of the union. The close intervals in between the charge-sheets to these workers and their

union's demand for bonus for 1962 at the rate of six months, considered along with the discussions made above, regarding the charges and the enquiries against the workers also sufficiently indicates that with a view to scare away other workers from the union's fold and thus to weaken it, company has picked up these workers, all members of the union, and victimised them on false charges. Sarbashri Haripada Chaudhury, Subimal and Sukumar must, therefore, be reinstated with all wages and allowances during the period of forced unemployment and Shri Sohrab and Shri Ram Naresh paid their wages for the period of their suspension.

This is my award which is to be implemented within a month of its publication in the "Calcutta Gazette."

AWARD

By order No. 3243-I.R./IR/11L-150/64, dated the 22nd July 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Standard Pharmaceutical Ltd., 1 D'cruze Garden Lane, Serampore, Hooghly, and their workmen represented by the Standard Pharmaceutical Labour Association, 99A G.T. Road, Mallick Para Bye Lane, Serampore, Hooghly, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

1. Is the termination of service of Shri Satya Narayan Bose justified? What relief, if any, is he entitled to?
2. Is the suspension of Shri Mon Bahadur from the 20th to 28th of January 1964 justified? What relief, if any, is he entitled to?

On receipt of notices from the Tribunal, parties appeared and filed their written statements.

Shri Satyanarayan Bose, the concerned worker in the case, was appointed as a helper in the Serampore factory of Messrs. Standard Pharmaceutical Ltd., hereinafter referred to in this award as the company, with effect from 11th February 1963. His services were, however, terminated with effect from 1st of April 1964 by the management by its letter, dated 14th March 1964. The Association now contends that the termination of services of Shri Bose was illegal as the management has terminated the services of Shri Bose during his probationary period without any charge of misconduct and prays for his reinstatement with all back wages and allowances for the period of unlawful non-employment.

In its written statement filed the Association also prayed for payment of full wages to Shri Mon Bahadur, the worker mentioned in Issue No. 2 from the 20th to 28th January 1964 on the ground that his suspension during this period was illegal and unjustified. During trial, however, the Association did not press the case of Mon Bahadur.

In its written statement filed the company stated inter alia that the union has no case for reinstatement of Shri Bose as the services of Shri Bose were terminated on the expiry of his probationary period.

The company also took the plea that as the Association under reference does not represent the workmen of the company, the reference is not an industrial dispute but an individual dispute and that accordingly the reference is bad and incompetent but this objection regarding the reference was given up by the company during hearing of the case before this Tribunal.

The only point to be decided by the Tribunal, therefore, is: Whether the company was justified to terminate the services of Shri Bose without any charge of misconduct?

It is not disputed that the concerned worker Shri Satyanarayan Bose was appointed a helper in the company's factory at Serampore on his own application, dated 7th February 1963, marked Ext. C in the case. The appointment letter issued to him by the company is Ext. B in the case. This letter contains several clauses, of which clause (1) reads as follows: "You will be on probation for a period of six months, which may be extended at the sole discretion of the Management to one year. During this period of probation your services are liable to termination by giving you one day's notice. Your services will be automatically terminated at the end of probationary period unless confirmed by a separate letter." By its letter, dated 24th July 1963, marked Ext. A/2 in the case, the probationary period of Shri Bose was extended up to 31st March 1964. The Association contends that this extension of probationary period up to 31st March 1964 was unlawful and unjustified and in support of this contention it relied on the appointment letter as also on rule (4) of Company's Service Rules, Ext. 1, in the case. This rule (4) very much relied upon by the Association in support of its case for reinstatement of Shri Bose, reads thus: "Every employee on being appointed shall serve a minimum probationary period of (i) one year if he is a technical personnel, (ii) six months if he is a non-technical personnel unless otherwise specified in the letter of appointment, whereafter he may be confirmd on approved service or the probationary period may be extended for a further period not exceeding six months for technical personnel or three months for non-technical ones." It was contended on behalf of the Assaciation that as Shri Bose was a non-technical hand, company had no authority to extent its probationary period beyond 9 months, six months under the appointment letter, and 3 months more according to rule (4) and that accordingly the order extending Shri Bose's probationary period up to 31st March 1964 was bad in law. It was further argued on behalf of the Association that as after the expiry of 9 months company has not made Shri Bose permanent, it must be presumed that on the expiry of the 9 months Shri Bose was continuing as a probationer for unspecified time and that accordingly the company had no authority to terminate his service with effect from 1st April 1964 without a charge of misconduct. If rule (4) is read between the lines and is also considered along with the evidence led by the contending parties before this Tribunal, the obvious conclusion will be that there is no substance in all these contentions raised on behalf of the Association.

The company denied the Association's assertion that the concerned worker Shri Bose was a non-technical hand and contended that though appointed as a helper he was funtioning as a technical hand. Without however going into this vexed question whether Shri Bose was a technical hand or not, it can be concluded on the basis of rule (4) as the documents exhibited in the case that the company was perfectly justified to terminate the service of Shri Bose on the expiry of 31st March 1964, without any charge of misconduct. I have already quoted above in extens the rule (4) of the Service Rules. This rule has not only prescribed minimum probationary period for the technical and non-technical hand but has also given the management the authority to extend the probationary period of six months by a further period not exceeding six months or 3 months as the case may be. In the instant case, however, the extended period of probation exceeds the total probationary period fixed by the rule but still the Tribunal cannot hold that the extension of the probationary period of Shri Bose up to 31st March 1964 was illegal and unjustified. Under law every contract can be modified by agreement between the contracting parties and this law equally applies to a contract between a master and servant, employer and employee, etc. In support of this observation I may refer to the case of Calcutta case of Caltex (India) Ltd., and Second Industrial Tribunal, West Bengal and others, reported in 1962(5) F.L.R. at page 275. The question for decision in the Calcutta case was whether a probationer who has been discharged from service on the expiry of an extended period of probationership, can be reinstated. The concerned worker was respondent No. 3 before the Hon'ble Court and the question set forth above was decided against him. In course of his judgment delivered in the case Banerji, J., observed:—"There was nothing in the contract of appointment of the Respondent No. 3 as a probationer for the first time, which militated against the theory of extension of the period of probationership. Moreover, the probationer does not automatically attain permanent status on the expiry of his period of probationership. If he is neither discharged nor confirmed, he continues to service as a probationer until otherwise dealt with. Therefore, in the absence of anything contained in the contract to the contrary, nothing prevented the petitioner company from conferring on the respondent No. 3 another limited period of probationership. All contracts are capable of being renewed with or without modification by consent of parties and there is no reason why the service contract of the respondent No. 3 could not, on its expiry, be extended by another period as done in this case." In the instant case under the letter of appointment given to Shri Bose the management had the sole discretion to extend the period of probation to one year and Shri Bose accepted the appointment without any protest, or in other words, he joined the company on the distinct term that he would

have to serve as a probationer for one year if the management would so desire. This appointment letter was dated 8th February 1963 and on 24th March 1963, management gave to Shri Bose the letter Ext. A/2 informing him that his probationary period had been extended up to 31st March 1964 and this letter was duly received by Shri Bose. There is, however, no evidence indicating that on receipt of the letter Shri Bose had protested or raised any objection against the extension of his probationary period up to 31st March 1964, the appointment letter his probationary period would have expired by 6th or 7th February 1964. On the basis of the letter Ext. A/2 it can, therefore, be said that the term of the appointment letter fixing the probationary period of Shri Bose was modified and the probationary period extended up to 31st March 1964, with consent of the parties to the contract viz., the management and the worker Shri Bose. Union's contention that the extension of the probationary period of Shri Bose up to 31st March 1964 was illegal and unjustified as being opposed to rule (4) of the Service Rules, cannot in these circumstances be upheld. Up to 31st Marh 1964 Shri Bose was, therefore, a probationary hand and there is no rule of law prescribing that on the expiry of the probationery period a worker cannot be dismissed without any charge of misconduct. Company was, therefore, under no obligation to issue a charge-sheet of misconduct to Shri Bose for termination of his service on the expiry of his probationery period. Whether a worker will be confirmed or not on the expiry of his probationery period lies entirely within the discretation of the management and in the instant case the management has not made Shri Bose permanent but has terminated his service on the expiry of his probationery period as it was not satisfied with the works of Shri Bose during the probationery period. (Vide letter Exts. A/1 and A).

In view of the discussions and findings made above, the Association's contention that the termination of service of Shri Bose was unjustified must be overruled and it be held that the conerned worker Shri Bose is not entitled to any relief whatsoever in this case. The Association's prayer for a declaration that the suspension of Shri Mon Bahadur from 20th January 1964 was illegal and unjustified and for a direction on the company to pay him his all wages and allowances for the said period be dismissed as not pressed.

This is my award.

(v) In the case of a municipal officer or servant falling under clauses (ii) to (iv) above, earned leave may be granted after the expiry of the contract only when it has been applied for during the period of the contract and refused owing to the exigencies of the public service. A municipal employee whose services are dispensed with on the ground of ill-health may be permitted to take all earned leave due to him before his service is terminated.

(vi) The leave salary during leave taken under the above clauses shall be regulated as follows:—

(b) A municipal officer or servant on leave on private affairs or on medical certificate is entitled to leave salary equal to half his average pay subject in either case to a maximum of Rs. 750.

Note.—"Average Pay" means here the average monthly pay earned during the twelve complete months preceding the month in which the event occurs which necessitates the calculation of average pay.

(c) A municipal officer or servant on extraordinary leave is not entitled to any leave salary.

(d) A municipal officer or servant initially engaged on contract becomes subject to the leave rules regarding permanent municipal employees on his being taken into permanent employment after the expiry of his contract. 24. (a) Earned leave is not admissible to a municipal officer or servant in permanent employ serving in a Vacation Department in respect of duty performed in any year in which he avails himself of the full vacation.

Provided that if in any year he is prevented from availing himself of any part of the vacation, earned leave is admissible to him in respect of that year in accordance with the provisions of rule 6 or 7, as the case may be.

(c) Vacation may be taken in combination with or in continuation of any kind of leave under these rules, provided that the total duration of vacation and earned leave taken in conjunction, whether the earned leave is taken in combination with or in continuation of other leave or not, shall not exceed 90 days in the case of a municipal employee governed by rule 6 or 30 days if he is governed by rule 7.

Barakar, district Burdwan, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal,

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. The Barakar Electric Supply Co., P.O. Barakar, district Burdwan, and their workmen represented by the Barakar Electric Supply Co. Employees' Union, P.O. Barakar, district Burdwan. (Case No. VIII-78 of 1965.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

By order No. 1303-I.R./IR/10L-48/65,dated Calcutta, the 1st April 1965, Government of West Bengal, in the Labour Department, referred an industrial dispute between Messrs. Barakar Electric Supply Co., P.O. Barakar, and their workmen represented by the Barakar Electric Supply Co. Employees' Union, P.O. Barakar, to this Tribunal for adjudication on the following issue :

Issue

Whether the termination of service of Shri B. B. Roy is justified ? What relief, if any, is he entitled to ?

After receipt of the reference notices were issued upon the union and the company. Both parties entered appearances and filed their respective written statements. The union in their written statement filed on 28th September 1965 inter alia alleged that Shri B. B. Roy was appointed by Messrs. Barakar Electric Suppy Co., on 12th September 1965 as an Assistant Electrical Engineer, but the terms and conditions o-

service were replaced by a letter, dated 3rd of May 1963. Though designated as an Assistant Engineer, his work was mainly of clerical and manual nature and he was also entrusted with work of supervisory character. Moreover, he was also burdened with some work of Chirkunda Electric Supply Co., although appointed by Messrs. Barakar Electric Supply Company. As per the conditions of service the company was not entitled to terminate his services within a period of 5 years except on ground of gross misconduct. Meanwhile Barakar Electric Supply Co. Employees' Union came into existence and Shri Roy took interest in the formation of the same. The trade union activities of this workman was not viewed by the management with good grace and they were looking for opportunities to get rid of him. On 30th October 1964 the company terminated the service of the workman after giving him 30 days' notice when the matter was taken up with the Assistant Labour Commissioner, Asansol, by the union. As no settlement was arrived at, the present reference was made by the Government. The union contends that the termination of service was an act of victimisation on the part of the management and was in utter violation of the principles of natural justice. They accordingly prayed for setting aside the order and for reinstatement of the workman with back pay and allowances.

The Company in its written statement contended that the present reference arose out of an individual dispute and as it was not supported by a sufficient number of workmen, the Tribunal had no jurisdiction to entertain the same. The management disputed that Shri Roy was a member of the union before the date of termination of his service and asserted that Shri Roy was a part-time employee of Messrs. Barakar Electric Supply Company at Barakar and he also worked under Chirkunda Electric Supply Co., at Chirkunda on a part-time basis. The company accordingly contended that Shri Roy was not a workman as contemplated under the Industrial Disputes Act. The management further disputed that the terms of appointment of Shri Roy were replaced by a letter, dated 3rd May 1963, and assterted that there was never any occasion for issuing such a letter to Shri Roy which in the circumstances must be treated as one subsequently manufactured with the help of a discharged Secretary of the company. The company further asserted that the management was forced to terminate the service of Shri Roy as his work was found unsatisfactory and as he did not possess the Electrical Supervisory Certificate. A similar notice of termination was also issued by Chirkunda Electric Supply Company but as the said company is situate in Bihar, there could be no reference by the West Bengal Government before this Industrial Tribunal. The management denied that Shri Roy was victimised or that the principles of natural justice was violated in the instant case and the termination of service was both bona fide and in accordance with the contract of service.

Appearances of the parties are as follows :

For the Company : Shri Hariram Chowdhury, Labour Officer.

For the Union : Shri Kalyan Roy, Assistant Secretary of the Union.

Decision

The only point for decision in this case is whether Shri Roy is a workman within the meaning of section 2(s) of the Industrial Disputes Act. Shri Roy was appointed as an Assistant Electrical Engineer of Barakar Electric Supply Company under a letter issued on 12th September 1961. This letter has been marked Ext. 3 and as per the terms of appointment Shri Roy was to get a basic salary of Rs. 180 and dearness allowance of Rs. 20 per month. He was also to get house allowance of Rs. 30 per month and certain other amenities. The total amount being of the order of Rs. 230 per month. The company's contention was firstly that Shri Roy was a part-time employee of Barakar Electric Supply Company and he was also a part-time employee of Chirkunda Electric Supply Company having been appointed on the same day by both the companies. It was further contended on behalf of the company that Shri Roy being an Assistant Electrical Engineer, could not be regarded as a 'workman' within the meaning of section 2(s) of the Industrial Disputes Act. A 'workman' has been defined in section 2(s) as any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward.....but does not include any such person :

(*i*) .....

(*ii*) .....

(*iii*) who is employed mainly in a managerial or administrative capacity; or

(*iv*) who, being employed in a supervisory capacity, draws wages exceeding five hundred rupees per month.....

Now it is not claimed that Shri Roy was employed mainly in a managerial or administrative capacity and as his pay did not exceed Rs. 500 per month, he would still be a 'workman' even if, he is employed in a supervisory capcaity. Shri Roy in his evidence stated that he had to perform indoor and outdoor duties in addition to clerical work and in case of breakdown he even had to do manual labour. That part of Shri Roy's (P.W. 2) evidence has not been challenged in cross-examination and the Secretary of the company (O.P.W. 1) in his evidence did not deny or dispute that Shri Roy had to do these jobs. That being the position Shri Roy must be regarded as a 'workman' even though he was designated as an Assistant Electrical Engineer in his letter of appointment.

Now the question is whether Shri Roy was a workman within the meaning of section 2(s) of the Industrial Disputes Act. On behalf of the management it was sought to be contended that as Shri Roy was a part-time employee of Messrs. Barakar Electric Supply Company, he cannot be regarded as a workman, and his case cannot be said to be covered by the definition of a workman in section 2(s) of the Act. Part-time workman has been held by the Labour Appellate Tribunal in Hamilton Jewellery Workers' Union's case reported in 1956, L.A.C. page 462 to be wholly inconsistant with the employment to do manual work for hire

or reward in an industry. Same view was endorsed by the Andhra Pradesh High Court in a case reported in A.I.R. 1960, page 371, where it was held that part-time employees are not covered by the Industrial Disputes Act. It therefore follows that the part-time employees cannot be regareded as 'workman' within the menaing of section 2(s) of the Industrial Disputes Act and a reference by the State Government would be incompetent in case of such an employee. Reference in this connection may be made to the above decision of the Andhra Pradesh High Court. O.P.W. 1 Chandra Prakash Agarwala stated in his evidence that part-time employees of Barakar Electric Supply Company are also part-time employees of Chirkunda Electric Supply Company and as such they drew their pay from both the concerns. Shri B. B. Roy according to this witness was a part-time employee of both the concerns. Shri Roy (P.W. 2) in his evidence denied that he was also an Assistant Electrical Engineer of Messrs. Chirkunda Electric Supply Company but admitted that he regularly received money from Chirkunda Electric Supply Company. He, however, could not say on what basis he received these payments. This is also evident from the Payment Register produced on behalf of the management, copies of which have been marked Exts. D and D(1). Shri Roy further admitted that he and two other electrical engineers used to look after the work of both the companies and he was not sure if any one of them held exclusive appointment under Chirkunda Electric Supply Company or drew pay therefrom. That Shri Roy worked for Chirkunda Electric Supply Company is admitted but it is stated that he did so under protest. There is nothing to show that he ever submitted or made any written protest. On the contrary, at the time of termination of service, he also received a letter from Chirkunda Electric Supply Company which has been marked Ext. B. The letter is dated 30th October 1964. In his letter Ext. C admittedly written by Shri B. B. Roy to Messrs. Chirkunda Electric Supply Company, it was stated that he was employed in both the concerns and was assigned with outdoor and indoor duties. This would clearly show that Shri Roy had been working under both the concerns and he was not employed exclusively by either of the concerns. It is not the union case that Shri Roy was exclusively employed by one concern but under some arrangement had to perform work at the other concern also. On the contrary, copy of the payment registers Exts. D and D(1) show that out of the total emolument of Rs. 230 he regularly received Rs. 130 per month or so from the Barakar Electric Supply Company and the balance from Messrs. Chirkunda Electric Supply Company. From the foregoing it would be evident that Shri Roy was not a wholetime employee of Messrs. Barakar Electric Supply Company and that being the position he cannot be regarded as a workman within the meaning of section 2(s) of the Industrial Disputes Act and the reference would therefore be incompetent.

On behalf of the union it was sought to be contended that the terms of appointment of Shri Roy was replaced by a letter, dated 3rd May 1963 (Ext. 3-a), issued by the then Secretary of Barakar Electric Supply Company. The signature in this letter was admitted on behalf of the management but it was sought to be contended that the letter was not issued under the authority of the management. In support Shri Chandra Prakash Agarwala (O.P.W. 1) produced the Letter Despatched Register of the company which does not show that this letter was issued from the company. In fact it does not bear any letter number but only the file number. By this letter, pay and emoluments of Shri Roy was raised considerably but Shri Roy never drew his salary as per this letter and he never made any complaint for non-payment of his salary in terms thereof. Actually Shri Roy continued to receive his pay in terms of the letter, dated 12th September 1961, even after he received this letter. The letter clearly was never acted upon and there is nothing on the record to show that Shri Roy preferred any claim as per this letter at any time before termination of his service. Shri Kalyan Roy, appearing on behalf of the union contended that the letter was promptly set up before the Assistant Labout Commissioner, Asansol, when they raised the dispute. That may be so but it was long after the termination of the service and also after removal of Shri Nathmal Agarwal, Secretary of Barakar Electric Supply Company. In the circumstances the allegation of the management that the letter was manufactured with the help of Nathmal Agarwal after termination of Shri Roy's service cannot altogether be ruled out and Shri Roy cannot claim the benefit of clauses 6 and 7 of this letter Ext. 3(a) in the matter of termination of the serivce.

Lastly, the management contends that as Shri Roy was not a member of the union before his service came to be terminated, the dispute cannot be raised by the union. It is well settled that a dispute simplicitor between an employer and a workman might develop into an industrial dispute within the meaning of section 2(k) of the Act if the case is espoused by a union of which the wokman is a member, but such membership must be one enterior to the date of dismissal and not subsequent thereto. Reference in connection may be made to the case reported in 1958 (II) L.L.J. page 290. In another decision of the Kerala High Court reported in 1961 (I) L.L.J. page 77 it was held that where it is not proved that the case of the individual workman was taken up by the union of which they were members at the time of dismissal, the reference of such dispute at the intance of such union of which the concerned workman became member after the dismissal could not be considered valid. In the instant case the Union has failed to produce any material to show that Shri Roy was a member of the union at the material time. Reference may be made in this connection to the Supreme Court decision in the case of Newspaper Ltd., reported in 1957, II, L.L.J. page 1. P.W. 1 Shri Kalyan Roy, Assistant Secretary, Barakar Electric Supply Company Employees' Union, in his evidence states that they have not bought the counterfoils of the subscription book before the Tribunal and they have no other papers to show that Shri Roy was a member of that Union. According to Shri Kalyan Roy, Shri B. B. Roy became a member of the union sometime in 1961. Shri B. B. Roy in cross-examination stated that he was a member of the union but he had no papers to prove this. No intimation was ever sent to the management and there is nothing to show that the management had any knowledge about his membership of the union so as to raise any interference of victimasation in the instant case. In the absence of any material to show that

Shri B. B. Roy was a member of the union at the date of termination of his service, the present dispute in my view cannot be sponsored by this union.

For all these reasons discussed above I held that the present reference is incompetent as Shri B. B. Roy is not a workman within the meaning of section 2(s) of the Industrial Disputes Act and he is accordingly not entitled to any relief in the instant reference.

This is my award.

The above dispute over the issue given in the Order of Reference and reproduced below as referred for adjudication by the Government of West Bengal, Labour Department, order No. 4439-I.R./IR/11L-38(A)/66, dated 19th November 1966.

Issue

Bonus for the accounting year ended 31st August 1965.

On being served with notices of the Reference, both parties appeared on 9th December 1966 and on that very date they filed a joint petition of compromise praying for a compromise award in terms of the memorandum of settlement filed along with the petition. I have considered the terms of the settlement. These appear to me to be quite fair and lawful. I am satisfied that there has been a bona fide settlement of the dispute between the parties on those terms. Accordingly I would make a compromise award prayed for by the parties.

In the result, I make a compromise award in terms of the joint petition and the memorandum of settlement attached thereto filed by the parties on 9th December 1966, copies whereof are made a part of the award as annexure.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Nabajiban Press, 66 Grey Street, Calcutta-6 and their workmen represented by West Bengal Press Workers' and Employees' Union, 84/1A Bepin Behari Ganguli Street, Calcutta-12. (Case No. 142/66).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri B. K. Mukherji, Labour Advisor of the Company.
Present for the Union: Shri S. R. Ghosh, Advocate.

The Government of West Bengal, Labour Department, by its order No. 1770-I.R./IR/13L-15/66, dated the 4th May 1966, referred an industrial dispute existing between Messrs. Nabajiban Press and their workmen represented by Press Workers' and Employees' Union, under section 10 of the Industrial Disputes Act, to this Tribunal for adjudication on the issues, viz.—

1. Grades and scales of pay and
2. Casual leave.

After service of usual notices both sides appeared and filed their respective written statements. They also produced documents in support of their respective cases. The Union examined 5 witnesses and the Company examined 2. After adducing evidence both sides argued at length, and the argument was concluded on 8th December 1966.

Issue No 1

Regarding issue No. 1, viz., grades and scales of pay, it is admitted that at present there are no grades and scales of pay in this Company. The Company was not a party before the Omnibus Press Tribunals, the awards of which were made in 1948 and 1951. It is said by P.W. 1 Shri Anil Basu, Secretary of the Union, that about 40 employees work in this Company, and this statement has not been denied in evidence by the Company. P.W. 2 Shri Kanai Lal Roy, an employee of Acme Printing Works, states that only 11 workers are employed in that Company, and P.W. 3, Shri Lakshmicharan Das, a workman of Inland Printing Works says that 22 workers work in his Company. We also get from evidence that in these two companies the grades and scales of pay as fixed by the Omnibus Tribunal has been introduced. Undoubtedly, Nabajiban Press appears to be a larger concern as it employs a larger number of workers than the aforesaid two companies. The learned Advocate for the Company contends that Nabajiban Press does not do any job work like those two other presses. But it is admitted that Nabajiban Press prints books, and it has a good business in the printing of books

in Assamese language. The Manager of the Company Shri Rabindra Nath Mitra, O.P.W. 1, also admits that a little job works are also done in this Press.

It is next contended by the Company that the financial position of the Company does not justify fixing of grades and scales of pay. It is true that in considering the question of fixation of grades and scales of pay of the employees the financial ability and stability of the concern should be taken into consideration. The Manager says that he joined this Press about 25 years back, and at that time there was only one Treadle machine in this Press. He became Manager in 1960, and then the number of machines was eight. The total number of machines during the reference of this case was eleven. Of course it is said that the Company sold away one Flat-Bed machine only six months back. But still there are a large number of different types of machines in this Press, and these include 3 Lino Machines, 5 Flat Bed Machines, 2 Treadle Machines and one Paper Cutting Machine, as stated by P.W. 5, Shri Tincowri Mondal, who further asserts that all the machines are in good working condition. It is obvious that this Press is existing for a long time and it has become a large concern from a humble beginning. The Company has produced the letter, Ext. K, to show that the gas-connection was cut off by the Oriental Gas Company and as a result, the Manager says, one Lino machine could not be worked. This appears to be a temporary affair as the letter (Ext. K) shows that the Gas Company has agreed to instal the meter again if in future the Company consumes gas. It was suggested to O.P.W. 1 in cross-examination that he is not the Manager of the Company. But the applications for renewal of license, Ext. N series, show that Shri Rabindra Nath Mitra is the Manager of Press.

The Manager has said that production of the Press has fallen down, and in support of this the Chart Ext. I series have been filed. It appears that these charts, Ext. I series, have been prepared by taking some figures at random of different dates in the years between 1962 to 1966 with a view to show that in 1966 less work was done as compared to 1964 and 1965. But unless the production of all the days are compared in respect of different years, it cannot be definitely said that the recent production has decreased. These charts which have been prepared by the picking up of figures according to the convenience of the Company cannot be relied on. Incidentally it may be mentioned that the Production Book, Ext. D, shows that 12 pages of work was done by Nityananda on 6th May 1966, and 5½ pages by Sunil on 29th March 1966, but these figures are not included in the aforesaid chart. I do not, therefore, find sufficient materials to hold that there has been any appreciable fall in the production of the current year.

The balance-sheets and Profit and Loss Accounts of this Company for the last 3 years, Ext. H series, would show that the Company is earning a net profit every year. If the Company has been able to make profits despite fall in production, that would go to prove the efficiency of workers. I find that the Company has financial ability and stability for the introduction of grades and scales of pay for the workers. It is admitted by the Company that the workers are allowed increment each year, but there is no fixed rate of increment at present. So it would for the interest of both the management and the workers if grades and scales of pay are introduced.

The next point for consideration is, what should be grades and scales of pay for the workers of this Company. It is well settled that wages including wage scales are fixed on region-cum-industry basis, and one of the reasons behind this principle is that concerns of more or less the same standing in the same industry should have as nearly as possible, same wages so that they might stand on a par with one another in the matter of competition. Already there had been two Omnibus Tribunals in 1948 and 1951, and a large number of Presses were parties in these preceedings. I find from the evidence that several other Presses are following the pay scales as given by the award of the Omnibus Tribunal. The Union has produced the documents, Exts. 6 and 7, to prove this fact. It is, therefore, in the fitness of things that the grades and scales of pay as suggested in the award of the Omnibus Tribunal should be introduced in the case of Nabajiban Press also. It may be argued that there has been considerable rise in the cost of living index since the award of 1951. But it appears that the workers are getting D.A. at a higher rate from what was suggested in the Omnibus Tribunal's award. The rise in the prices of commodities may be not with the enhanced dearness allowance. Of course, the question of dearness allowance is not the issue in the present reference. So I shall not decide anything on the point of dearness allowance.

The Union in their charter of demands before the Labour Commissioner did not suggest any grades and scales of pay. In their written statement before this Tribunal they have given a chart, which is Annexure F to the same, showing the scales of pay as demanded by the workers. But what they demanded appears to be higher than what were fixed by the Omnibus Tribunal. The actual pay as drawn by different workers of this Press will appear from the chart, Ext. G, filed by the Company.

Regarding designations of workers there is no dispute between the parties except in regard to two classes of employees, viz., Machine Mechanic and Colour Printer. The Company contends that there is no such workers as machine mechanics, whereas it is the case of the Union that one worker is serving in this Company in the capacity of 'machine mechanic'. It is admitted by the Manager of the Company in cross-examination that Bagala Adhikari has been trained by him in repair works and he does actual repairing of machines according to his (Manager's) instructions. So it appears that Bagala Adhikari can

be rightly designated as a machine mechanic and he would be entitled to the pay of a "mechanic" as given in the award of the Omnibus Tribunal in 1951.

As regards Colour Printer, the Company has produced some bills from another Press with a view to show that this Press gets colour-printings done from other Presses. It is admitted by the Manager O.P.W. 1, that the Treadle-man Pasupati occasionally prints in one colour—red, green and black, as required. The learned Advocate for the Company tried to make a distinction between "colour-printing" in the technical sense of the term and "printing in coloured ink". But this distinction has no weight in this case. It is admitted that there is provision for colour printing in the Nabajiban Press, and the Union has produced a specimen of such colour printings done by this Press. In the Omnibus Tribunal Award of 1951 a separate scale of pay has been provided for Letter Press Machinemen (colour), and it has been further suggested that he should be given a higher start if he knows mixing of colours, according to his success in trade tests. I think that the worker Pasupati, who admittedly prints in colour, should be given the scale according to the suggestion in the award of the Omnibus Tribunal of 1951, and the question of giving him a higher start will depend on his qualification in respect of mixing colours which will be determined by the management after test.

Regarding the workmen of other categories, my award is that their scales of pay would be as laid down in the award of the Omnibus Tribunal of 1951. It may be noted that Acme Printing Works and Inland Printing Works are giving the same grades and scales of pay as fixed by the award of Omnibus Tribunal in 1951, as will appear from Exts. 6 and 7 filed by the Union. Considering all these points I direct that the same grades and scales of pay should be introduced in the Nabajiban Press also.

Accordingly, I fix the following grades and scales of pay for different categories of workmen in this Company:—

1.	Machine Mechanic	Rs. 100—8/2—140—E.B.—7/2—175.
2.	Machine Man	Rs. 45—6/2—75—E.B.—5/2—100.
3.	Assistant Machine Man or Machine-feeder ..	Rs. 35—4/2—55—E.B.—2/2—65.
4.	Colour Printer	Rs. 45—6/2—75—E.B.—5/2—100.
5.	Compositor (senior)	Rs. 55—8/2—95—E.B.—5/2—120.
6.	Compositor (junior)	Rs. 35—2/2—45—E.B.—1/2—50.
7.	Lino-type operator (senior)	Rs. 95—13/2—160—E.B.—8/2—200.
8.	Lino-type operator (junior)	Rs. 50—4/2—70—E.B.—4/2—90.
9.	Proof Press-man (semi-skilled)	Rs. 35—2/2—45—E.B.—1/2—50.

The Company has described Shri Gopinath Das as a Linotype Barman. But the present pay given to him is higher than the maximum of the scale fixed in the Omnibus Tribunal Award. Accordingly, he should be given the scale fixed for Lino-type operator (junior).

If the present basic salary of any workman does not reconcile with any stage in the scale prescribed for him by this award, he should be placed at the next higher stage which should be taken as the start in calculating his next periodical increments.

Issue No. 2

The Omnibus Tribunal of 1951 allowed privilege leave for 15 days, casual leave for 7 days, sick leave for 10 days and gazetted holidays for 10 days in a year. It is admitted that Nabajiban Press does not allow any casual leave, and the workmen are at present getting festival holidays for 15 days and privilege or earned leave for 15 days. It is argued by the learned Advocate for the Company that this Press is covered by the provisions of the Employees' State Insurance Act and, as such, the workmen are getting the benefit of 56 days' half-pay leave in a year in case of illness. But, for any workman casual leave is essentially necessary to meet any contingency which may arise at any time in the year, and so only greater number of festival holidays will not serve the purpose of casual leave. Again, earned leave may not solve the purpose of casual leave in view of the fact that such earned leave will not accumulate unless the workman has worked for a particular period. I, therefore, think that this Company should give casual leave to the workmen by curtailing the number of festival holidays now allowed to the workmen.

I direct that this Company shall give 10 days' festival holidays on the occasions of important festivals and 7 days' casual leave on full pay in a year to its workmen. The privilege leave or

earned leave which is now being granted by the Company is not interfered with, and will remain as existing.

I, accordingly, pass this award. The provisions of this award will come into operation from the 1st January 1967.
